The AOL/Time Warner Merger United States. Congress. Senate. Committee on the Judiciary,2001 *InfoWorld* ,2005-01-03 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects **Open Access** Neil Jacobs,2006-07-31 This book brings together many of the worlds leading open access experts to provide an analysis of the key strategic technical and economic aspects on the topic of open access Open access to research papers is perhaps a defining debate for publishers librarians university managers and many researchers within the international academic community Starting with a description of the current situation and its shortcomings this book then defines the varieties of open access and addresses some of the many misunderstandings to which the term sometimes gives rise There are chapters on the technologies involved researchers perspectives and the business models of key players These issues are then illustrated in a series of case studies from around the world including the USA UK Netherlands Australia and India Open access is a far reaching shift in scholarly communication and the book concludes by going beyond todays debate and looking at the kind of research world that would be possible with open access to research outputs Chapters by leading experts in the field including Professor Jean Claude Gu n Clifford Lynch Stevan Harnad Peter Suber Charles Bailey Jr Alma Swan Fred Friend John Shipp and Leo Waaijers Discussion of open access from a wide range of perspectives Country case studies summarising open access in the USA UK Netherlands Australia and India *The Real Deal* Tom Bentley,Kate Oakley,1999 **Achieving Global Open Access** Stephen Pinfield,2024-07-10 Achieving Global Open Access explores some of the key conditions that are necessary to deliver global Open Access OA that is effective and equitable Often assumed to be a self evident good OA has been subject to growing criticism for perpetuating global inequities and epistemic injustices It has been seen as imposing exploitative business and publishing models and as exacerbating exclusionary research evaluation cultures and practices Pinfield engages with these issues recognising that the global OA debate is now not just about publishing business models and academic reward structures but also about what constitutes valid and valuable knowledge how we know and who gets to say The book argues that for OA to deliver its potential it first needs to be associated with epistemic openness a wider and more

inclusive understanding of what constitutes valid and valuable knowledge It also needs to be accompanied by participatory openness enabling contributions to knowledge from more diverse communities Interacting with relevant theory and current practice the book discusses the challenges in implementing these different forms of openness the relationships between them and their limits Achieving Global Open Access is essential reading for academics and students engaged in the study of Library and Information Science Open Access and Publishing It will also be valuable and interesting to library and publishing professionals around the world *AUUGN* ,1999-11 **Plan S for Shock** Robert-Jan Smits,Rachael Pells,2022-01-27 Plan S for shock the open access initiative that changed the face of global research This is the story of open access publishing why it matters now and for the future In a world where information has never been so accessible and answers are available at the touch of a fingertip we are hungrier for the facts than ever before something the Covid 19 crisis has brought to light And yet paywalls put in place by multi billion dollar publishing houses are still preventing millions from accessing quality scientific knowledge and public trust in science is under threat On 4 September 2018 a bold new initiative known as Plan S was unveiled kickstarting a world wide shift in attitudes towards open access research For the first time funding agencies across continents joined forces to impose new rules on the publication of research with the aim of one day making all research free and available to all What followed was a debate of global proportions as stakeholders asked Who has the right to access publicly funded research Will it ever be possible to enforce change on a multi billion dollar market dominated by five major players Here the scheme s founder Robert Jan Smits makes a compelling case for Open Access and reveals for the first time how he set about turning his controversial plan into reality as well as some of the challenges faced along the way In telling his story Smits argues that the Covid 19 crisis has exposed the traditional academic publishing system as unsustainable
