LEARNING GENRES FANTASY

The fantasy genre is a type of fiction. Fantasy stories are set in a world that is not real. They are full of magic, dragons, wizards, and other things that do not exist in our world. They can also have a lot of action, adventure, and mystery. Fantasy stories are often written for children, but they can also be written for adults. They are a fun way to escape from reality and imagine a world where anything is possible.

Designed to teach the reading skills that are basic to reading fluency, our resource emphasizes the primary building blocks of reading acquisition. Start off by identifying the main idea of a passage. Find out how details will point to the most important part of a story. Then use graphic organizers to help identify context clues. Find out what questions to ask before drawing conclusions. Gather all the facts and prior knowledge to help. Learn all about making inferences and how clues from the text and your own knowledge and experiences will tell you what the author is trying to say. Discover the differences between facts and opinions. Learning to read between the lines will help with comprehension. Finally, discover transition words as you learn about sequencing. Aligned to your State Standards and written to Bloom's Taxonomy, reproducible writing tasks, crossword, word search, comprehension quiz, and answer key are also included.
