*SQUAT 101 - THE TIPS!* Rahul Mookerjee,2023-04-26 A 100 pushups a day keeps the doctor away and So do a 100 SQUATS I was going to say 250 but upon thinking about it I came to the conclusion that 100 is a fair number both in terms of pushups and squats Like most of my writing this is something that a true doer will understand and those that don t do will scoff like a recent fatass did who the hell made this rule No one made the rule my friend But the bottom line is this certain things just are I could question this logic of why do people eat three

meals a day and given my extreme success in following a diet which is the polar opposite of this in terms of timings and the success of those that have followed similar diets and exercises routines that make the so called experts cringe well ultimately FACTS count my friend And it didn't surprise me that this rant came from a lazy fatass that in his own personal life lives on his wife never has any money can't for whatever reason hold down a real job is the sort of person that reads from pre prepared scripts and does so in a most bumbling manner ole Bumble hehe I am NOT referring to the cricketer here and most of all can't do either a pull up or squat in proper form amongst others He ain't the only one either by far my friend No he's not Why do boxers and wrestlers refrain before a match months before I've explained this galore but those into science will question this too By all means question it but if all the logic you have for an answer yourself is who the hell came up with it then you're not qualified to ask the question friend Real doers don't ask idiotic questions they DO and experience for themselves And they get results like yours truly does I could wax lyrical here and have on my own site about this but for now let's get to the MEAT of the matter The benefits you'll get from this course Every benefit you get from following what is mentioned in Squat 101 x 100 Yes I could end that here and not be wrong But here are a few more Improved performance in all exercises even those NON squat related Improved strength and conditioning throughout the entire body and you'll BLAST past personal bests on squats like you've never imagined If you thought 500 squats was a hallowed number you'll be aiming for a 1000 now that's how confident you'll be feeling after workouts imbued with these tips Your abs will turn into rock solid slabs of GRANITE oh wait I hear you say they're that way already from squatting daily as in Squat 101 Ok REBAR then Trust me this one movement works the core heavily Something that might come as a surprise your GRIP strength will increase exponentially as your leg strength does Don't believe me Test yourself on pull ups after a month of getting good damn good at squats and tell me how you do You'll naturally have more energy and want to crank out more workouts Your WORK output and output in life in general will increase by so much and you'll achieve so much more on AUTO PILOT it ain't even funny but the factor let me just say 10 or more Your thighs will become so strong that you'll be able to break into a sprint without warming up much as I did today full speed cheetah or TIGER style Your derriere will turn into dimpled lumps of muscle that description came from my wife who says the muscles make a dimpled outline Ok TMI Maybe But it's also something everyone WANTS And much more I'm not mentioning here my friend These tips EVERYONE should own a copy of them period It's that simple Get it NOW Best Rahul Mookerjee      Walk with Me Bill Mowry, 2021-03-02 Have we over complicated over systematized and over formalized making disciples When our hearts are changed by Christ it's natural that we should want to help others come to know Him too And while Scripture clearly sets forth how to do so modern Western society has formalized professionalized and systemized disciplinism to a point that it seems too complicated to practice What happened to the simple heart to heart ministries of the New Testament In Walk with Me you'll return to the essential biblical practices that help people grow as Christ followers in simple slow and deep ways Learn how you can connect with your neighbors

coworkers or anyone you want to reach with the gospel in ways that are relational and Spirit led You ll learn five kingdom principles that will reshape how you can pass on the faith In heart to heart ways By keeping it simple By going slow By building deep By living on mission
