Amazon Natalie Berg, Miya Knights, 2019-01-03 What is the secret to Amazon's success? What does the ecommerce giant have in store for the future? Explore the disruptive new retail strategies of the world's most relentless retailer and gain valuable lessons that can be applied to any business in the ecommerce sector with original insight from the company as it continues to revolutionize itself even further. The retail industry is facing unprecedented challenges. Across all sectors and markets, retailers are shifting their business models and customer engagement strategies to ensure they survive. The rise of online shopping and its primary player, Amazon, is at the heart of these changes and opportunities. Amazon's relentless dissatisfaction with the status quo is what makes it such an extraordinary retailer. This book explores whether Amazon has what it takes to become a credible grocery retailer and as it transitions to bricks and mortar retailing, investigates whether Amazon's stores can be as compelling as its online offering. Exploring the ecommerce giant's strategies, Amazon offers unique insight into how innovations such as voice technology, checkout-free stores, and its Prime ecosystem will fundamentally change the way consumers shop. Written by industry-leading retail analysts who have spent decades providing research-based analysis and opinion on retail strategy and enterprise technology use in retail, Amazon analyzes the impact these initiatives will have on the wider retail sector and the lessons that can be learned from its unprecedented rise to dominance as stores of the future become less about transactions and more about experiences. **EBK: Services Marketing: Integrating**

Customer Service Across the Firm 4e Alan Wilson, Valarie Zeithaml, Mary Jo Bitner, Dwayne Gremler, 2020-10-07 Successful businesses recognize that the development of strong customer relationships through quality service and services as well as implementing service strategies for competitive advantage are key to their success. In its fourth European edition, *Services Marketing: Integrating Customer Focus across the Firm* provides full coverage of the foundations of services marketing, placing the distinctive Gaps model at the center of this approach. The new edition draws on the most recent research and using up-to-date and topical examples, the book focuses on the development of customer relationships through service, outlining the core concepts and theories in services marketing today. New and updated material in this new edition includes new content related to human resource strategies, including coverage of the role of robots and chatbots for delivering customer-focused services. New coverage on listening to customers through research, big data, netnography, and monitoring user-generated content. Increased technology, social media, and digital coverage throughout the text, including the delivery of services using mobile and digital platforms as well as through the Internet of Things. Brand new examples and case studies added from global and innovative companies, including Turkish Airlines, Volvo EasyJet, and McDonald's. Available with McGraw Hill's Connect, the well-established online learning platform which features our award-winning adaptive reading experience as well as resources to help faculty and institutions improve student outcomes and course delivery efficiency.
