resource for understanding the interconnected relationship between digital media and globalization Music in the Disney Parks Gregory Camp, 2025-11-26 Gregory Camp shows that the choice and use of music in Disney theme parks is very much grounded in Disney's experience with storytelling on film and television and that Disney's musical storytelling in the parks is built upon the concept of nostalgia Camp illustrates how the instrumentation and composition of the music impacts audience experience and shapes perceptions The book is an essential guide for anyone seeking to understand the intricate interplay between music and narrative nostalgia Ever since its founding in 1923 the Disney Company has foregrounded music in its storytelling in film television and live entertainment Music was important at Disneyland from its opening day on 17 July 1955 when a widely viewed television broadcast included many musical performances of the type guests could hear in the parks Since then as Disneyland has expanded and the company has opened many more parks all around the world music has remained fundamental to how the parks designers Imagineers tell their stories The book will be of interest to musicologists and those working in film studies as well as those from the wider Disney scholarship community who come from urbanism fandom studies and various other branches of sociology and ethnography as well as to others who study various aspects of music's role in live and virtual spaces and places *Comedy, Cameos, and Campaign Communication* Jason

Turcotte, 2023-10-25 This book provides a thorough foundation for understanding the shift from political campaigning via legacy news media to campaigning through entertainment media Public discourse that would once transpire on the newsprint of opinion pages or behind a news anchor's desk and teleprompter is now happening through talk shows and sitcoms celebrity partnerships and influencer accounts memes and streams video games branded merchandise and social media Here Turcotte explores how media consumption habits have reshaped contemporary campaign norms and shifted strategies for seeking public office and advancing policy goals He shows how candidates are incorporating entertainment media in their strategic campaigns moving beyond satirical programs to demonstrate a multi pronged approach to campaign communication in the entertainment environment With a compelling introduction to these campaign shifts and an examination of tangible applications this text is suitable for scholars as well as students in both political science and mass communication courses particularly courses in political communication and strategic communication **Progressive**
