Financiers Jay Gould's and James Fisk's infamous corner in gold on the New York Stock Exchange in 1869 which culminated in a financial panic on Wall Street and a gold price manipulation scandal that tarnished the presidency of Ulysses S. Build A Business Around Your Curiosity: Learn, Build, Share, Sell, Repeat Ahmed Musa, What if your curiosity wasn't a distraction but your greatest business asset? This book is your permission slip to stop waiting for clarity and start building with what fascinates you. Instead of following someone else's formula, you'll discover how to turn your natural interests into powerful income engines without burning out, faking expertise, or locking yourself into one narrow niche. You don't need to have it all figured out. You don't need a perfect plan. What you need is a loop: learn something new, build something small, share it publicly, offer it for sale, and repeat. That's how momentum builds. That's how trust compounds. And that's how modern creators are turning curiosity into profitable businesses without losing themselves in the process. This approach works whether you're just getting started or reimagining your next chapter. It honors the way creative minds naturally work: driven by questions, inspired by patterns, and fueled by experimentation. You'll learn how to validate ideas by sharing your process, how to grow an audience by inviting them into your learning journey, and how to make money by offering simple, valuable products that emerge from what you've already explored. You don't need to commit to a single topic forever. You just need to commit to the loop. Curiosity leads to
