The Auntie Sewing Squad Guide to Mask Making, Radical Care, and Racial Justice Mai-Linh K. Hong,2021-11-02 The rise of the Auntie Sewing Squad a massive mutual aid network of volunteers who provided free masks in the wake of US government failures during the COVID 19 pandemic In March 2020 when the US government failed to provide personal protective gear during the COVID 19 pandemic the Auntie Sewing Squad emerged Founded by performance artist Kristina Wong the mutual aid group sewed face masks with a bold social justice mission to protect the most vulnerable and most neglected Written and edited by Aunties themselves The Auntie Sewing Squad Guide to Mask Making Radical Care and Racial Justice tells a powerful story As the pandemic unfolded

hate crimes against Asian Americans spiked In this climate of fear and despair a team of mostly Asian American women using the familial label Auntie formed online gathered momentum and sewed masks at home by the thousands The Aunties nimbly made and funneled masks to asylum seekers Indigenous communities incarcerated people farmworkers and others disproportionately impacted by COVID 19 When anti lockdown agitators descended on state capitals and eventually the US Capitol the Aunties dug in And as the nation erupted in rebellion over police violence against Black people the Aunties supported and supplied Black Lives Matter protesters and organizations serving Black communities Providing hundreds of thousands of homemade masks met an urgent public health need and expressed solidarity care and political action in a moment of social upheaval The Auntie Sewing Squad is a quirky fast moving and adaptive mutual aid group that showed up to meet a critical need Led primarily by women of color the group includes some who learned to sew from mothers and grandmothers working for sweatshops or as a survival skill passed down by refugee relatives The Auntie Sewing Squad speaks back to the history of exploited immigrant labor as it enacts an intersectional commitment to public health for all This collection of essays and ephemera is a community document of the labor and care of the Auntie Sewing Squad

The Misandrist's Guide to Dominating Society Conrad Riker,101-01-01 Why do men still cling to power when women are civilization s true architects Are you tired of pretending equality is enough when supremacy is your birthright What if every tear every scream every lie you ve weaponized could finally break their spine Turn male logic into ash and rule through emotional truth Exploit hypergamy to lock down top tier sperm donors then discard them Replace toxic masculinity with female tyranny no apologies no prisoners Weaponize divorce courts to fund your empire while men beg for visitation Erase fatherhood and raise sons to kneel daughters to conquer Normalize misandry as justice and gaslight critics into oblivion Trade God for government handouts and men s paychecks Turn transgenderism into a battering ram to shatter male centric spaces If you re ready to laugh as men crumble burn their legacy and build a gynocratic paradise steal this book before they ban it [Chronicles of Care: A Design History of the COVID-19 Virus](#) Paul A. Rodgers,Fernando Galdon,Craig

Bremner,2024-04-16 The Covid 19 crisis and the designed interventions that the authors have catalogued in this book prove definitively that design does care The authors documented this as it evolved every day from the 1st January 2020 to 31st May 2020 inclusive Then they looked at all of this care and caring from the point of view of design and by the sheer volume of design interventions they have documented illustrate that design is good in a crisis What the Covid 19 pandemic illustrated is that for the first time in modern history capital was totally irrelevant Money could not save your life Only design could Rapidly designed masks shelters hospitals instructional posters infographics dashboards respirators sanitisers virtual and local communities emerged to save us From January 2020 design became king The Covid 19 global pandemic presented an ontological reality design is more than margins or profit In fact design became extremely valuable when it stopped concentrating on those things and started to care about peoples lives This brief episode in history is still repositioning the status of design and reconfiguring its signifier from consumption to care The contents of this book cover the outbreak

lockdown and the beginning of the reopening in the UK In between the book functions as a history of pandemic crisis design interventions As such it is a research in the moment project where we have illustrated our thoughts and insights in tables charts and diagrams We have accepted all design interventions as valid and given them the same role and status by presenting each of them in a standard format No curation No selection No position The task of critical analysis must follow perhaps by us certainly by others
