Hacks Brian Knight,2018-05-01 When novelist Jim Eldridge receives an invitation to a writer s retreat on Washington State s Mount Misery it seems like the perfect escape from the last days of his dead marriage Jim accepts the invitation to the Hacks Club and joins the other guests including the legendary H Casper and best seller Heather Woods for a week of fun and relaxation Someone in those woods is not happy to see them The body count rises and the survivors band together to fight the relentless killer Will they escape the nightmare on The Devil s Tail Ridge or die trying

On Turning Sixty-Five John Jerome,2011-04-13 Personally I ve got a lot invested in reaching my stunning current age and I m damned if I m going to hang on to that youthful crap I liked the idea of being a sixty year old so much I started claiming that age before I turned fifty nine Parts of it I don t like the loss of energy that seems its inevitable accompaniment for example but when I consider how I used to boil that energy away as a younger man and the things I boiled it away on I am happy to accept a shorter tether and a more reflective way of going at things John Jerome author of such beloved books as Truck and Stone Work entered his sixty fifth year with a number of goals in mind to battle the debilities of age to master them through understanding when he could not physically defeat them and to keep a journal of these efforts As he puts it It was time to start planning an endgame The result is a warm compassionate and honest look at the twelve months that led him to the gateway of old age a survey of this time of life which ranges from strict physiology to expansive philosophy from delicate neurosurgery to rough weather on a Canadian canoeing trip from the despair and isolation of illness to the love and comfort of a sound marriage The writing in its clarity grace and humor matches its author s spirit The quality of our lives depends on the quality of our time Jerome reminds us Reading this wise and funny chronicle of one man s and everyman s journey toward citizenship senior division will be time well spent for young and old alike It is that rare kind of book which comes to life as a

companion and even a friend The Dream Hacker Timothy Benson,2018-08-13 Your dreams belong to you Theyre private and no one needs to know what happens in them But what if someone could invade your dreams And once in what if that someone could control what happens while you lie there powerless to affect the outcome Dylan Ward can do that Struggling to make partner in a law firm and finding it hard to hold on to a romantic relationship his nightly dreams become his escape into a world that seems far happier than his real one When he learns about the phenomenon of lucid dreaming where the sleeping person is actually conscious of the events in the dream he immerses himself in an attempt to master it Soon his nights are filled with fun and adventure where he has the power to control events and find temporary relief from his mundane life That relief soon pales when he reads an old legend about dream sharing that leads him to the idea of entering and controlling the dreams of others What starts out as an interesting experiment soon turns into an obsession of hacking into the dreams of the people in his life He begins a strange quest for vengeance power love and all the things that are missing from his real world But its when he devises a way to teach other people how to invade dreams that the dangers of his obsession become frighteningly clear The Dream Hacker moves between imagination and reality along the hazy sleeping path that everyone travels but cant really navigate Mixing equal parts of dark humor and the angst of modern culture the story challenges our notions of understanding what is real and asks just how far a person will go to change the course of his life
