, Gino Patrick Johnston, Peter Leech, 2025-10-07 From veteran hockey reporter Patrick Johnston and Gino's longtime friend Peter Leech comes the authorized biography of Gino Odjick. In the 1980s and 90s National Hockey League games were very different from the nimble skill focused displays we see today. One of the greatest differences and one of the sport's more popular facets at the time was the widespread presence of enforcers hulking battle scarred players whose main task was to police the sport by chasing down and brawling with opponents who had broken unwritten codes determining which aspects of violence counted as dishonorable or unjustified. When hard hitting Vancouver Canucks player Gino Odjick emerged in the early 1990s he quickly became one of the game's most feared enforcers and revered teammates a sign of a new era for the team racking up 296 penalty minutes in the 45 games he played in his rookie season. Hailing from Kitigan Zibi an Algonquin community near Maniwaki Quebec Gino was one of the few Indigenous players in the NHL at the time. But it was Gino's ferocious play contrasted by his genuinely affable and openhearted personality off the ice that won him a special place in the hearts of Canucks supporters. Yet legends often obscure the human stories behind them. Patrick Johnston and Peter Leech look beyond Gino's legendary persona drawing on insights from family members friends and teammates to recount Gino's early years in a loving household that was always ready to welcome foster children. Gino's father Joe had suffered the lonely traumas of the residential school system and the experience had instilled a commitment in the family to those who were less fortunate. The book also details Gino's eventual struggles with alcohol abuse and how he responded by taking on the role of empathetic mentor to young Indigenous people travelling from community to community to hear their stories and offer hope. He never wavered in this role even as he confronted serious illnesses including chronic traumatic encephalopathy CTE and the rare blood disorder that he survived for years longer than expected but that eventually led to his death at age fifty two. Gino is a moving tribute to a beloved hockey legend. Our Home Denise Latham, 2025-06-27 Love loss and learning what it means to be family. Ben Burrows was widowed when his third son was born plunging him into single parenthood while grieving the woman he thought he would love forever. When he finds himself over his head with three babies at home his childhood best friend steps up in ways he would never have imagined. Stella St. Claire lost her best friend in Isobel Burrows but quickly realizes that she also needs to be there for Ben and the three children. Putting aside her own life she jumps in to help and finds herself becoming a part of something she hadn't expected. As the years pass the challenges that arise could throw them together or tear them apart. Be a witness to their great love story and revisit some of your favorite characters in Windsor Peak. *Let Us Play* Harrison Browne, Rachel Browne, 2025-05-27 A crucial subversion of the misconceptions around the participation of gender diverse athletes advocating for the inclusion of trans and nonbinary athletes across all levels of sport. The debate over the inclusion of gender diverse people in sport has become the latest battleground in the fight for basic human rights and equality. Trans and nonbinary people around the world are facing physical harm and violence.

including death at unprecedented rates In Let Us Play trans athlete Harrison Browne and investigative journalist Rachel Browne reveal how the opposition towards gender diverse athletes is fueled by fear and a moral panic as opposed to facts around what makes a level playing field Interweaving Harrison s first hand experience as a transgender athlete with exclusive accounts from athletes coaches policymakers and advocates on the front lines Let Us Play dismantles the illusion that sports have ever been fair that trans athletes pose a threat to women s sports and that gender affirming healthcare for athletes should be prohibitive to play Calling for a reframing of the binaries from youth and high school levels all the way to the national leagues Browne and Browne offer a new path forward led by solutions proposed by gender diverse athletes themselves
