author and educator Derek Hrynyshyn explores the ways in which social media shapes popular culture and how social power is expressed within it. He debunks the misperception of the medium as a social equalizer, a theory drawn from the fact that content is created by its users and compares it to mass media, identifying the capitalist-driven mechanisms that drive both social media and mass media. The work captures his assessment that social media legitimizes the inequities among the social classes rather than challenging them. The book scrutinizes the difference between social media and mass media, the relationship between technologies and social change, and the role of popular culture in the structure of political and economic power. A careful look at social media networks such as Facebook, Twitter, and Google suggests that these tools are systems of surveillance monitoring everyday activities for the benefit of advertisers and the networks themselves. Topics covered within the book's 10 detailed chapters include privacy, online freedom of expression, piracy, the digital divide, fragmentation, and social cohesion.

Investing in Movies Joseph N. Cohen, 2021-12-30 In this second edition of *Investing in Movies*, industry veteran Joseph N. Cohen provides investors and producers with an analytical framework to assess the opportunities and pitfalls of film investments. The book traces macroeconomic trends and the globalization of the business, including the rise of streamers, as well as the impact these have on potential returns. It offers a broad range of guidelines on how to source interesting projects and advice on what kinds of projects to avoid, as well as numerous ways to maximize risk-adjusted returns. While focusing primarily on investments in independent films, Cohen also provides valuable insights into the studio and independent slate deals that have been marketed to the institutional investment community. As well, this new edition has been updated to fully optimize the current film industry climate, including brand new chapters on the Chinese film market, new media streaming services, and the effects of COVID-19 on the global film market. Written in a detailed and approachable manner, this book is essential for students and aspiring professionals looking to gain an insider perspective.
