Engineering Review ,1901 *Fascism, Vulnerability, and the Escape from Freedom* C. Jon Delogu,2022 A worldwide struggle between democracy and authoritarianism set against a backdrop of global surveillance capitalism is unmistakable Examples range from Myanmar China and the Philippines to Hungary Turkey Russia and the United States Fascism Vulnerability and the Escape from Freedom offers a multidisciplinary analysis drawing on psychology and literature to provide readers with a deeper understanding of the mechanisms that drive people to abandon democracy in favor of vertically organized authoritarianism and even fascism In a comparative study of texts selected for their insights and occasional blind spots regarding fascist experiments of the past 100 years Delogu examines fascism s exploitation of fear of change loss and death disruption and extreme inequality The book offers an accessible and persuasive argument linking fascist authoritarianism also called right wing populism to certain underlying conditions such as a rise in us versus them thinking distrust or simple apathy regarding democratic institutions norms and results the vulnerabilities that result from extreme inequality economic social racial and addictions and codependency Stressful events such as a pandemic an environmental disaster or deep recession aggravate these harmful factors and make the fascist temptation including the use

of violence almost irresistible Delogu s distinctive examination of texts that plumb the unconscious reveal linkages between actions and unavowable motives that purely historical and theoretical studies of fascism leave out Erich Fromm s neglected 1941 classic *Escape from Freedom* serves as a key reference in Delogu s study as does Robert Paxton s authoritative history *The Anatomy of Fascism* 2004 After underscoring the argument and urgent context around these two studies Hitler s Germany and George W Bush s post 9 11 America Delogu examines novels a diary memoirs and manifestos to show how vulnerability forces individuals to choose between exclusionary fascist authoritarianism and inclusive collaborative democracy **FCC Record** United States.
