Folding Gift Boxes from China, Inv. 731-TA-921 (Final) , **Flexible Ridesharing** Volker Handke,Helga Jonuschat,2012-12-14 Individual mobility is one of the most important needs of modern society and an important link between private public and economic life In contrast transport also entails severe environmental and social burdens foiling current efforts for sustainable development As the main source of CO2 emissions transport is a prominent driver for climate change and individual car traffic is responsible for nearly a third of the total energy consumption However we have to consider that many commuters feel indeed very dependent on their car Here ridesharing promises to contribute to environmental protection while still offering individual mobility Although ridesharing options have been discussed since many years internet and smartphones provide completeley new opportunities to find ridesharing partners today Thus this book deals with current efforts on implementing flexible internet and phone based ridesharing services With a main focus on the users perspective their demands and acceptance limits we aim to explore success factors for non profit but also commercial ridesharing concepts **Weekly Florists' Review** Gilbert Leonard Grant,1924 Cloud FinOps J.R.

Storment, Mike Fuller, 2023-01-19 FinOps brings financial accountability to the variable spend model of cloud. Used by the majority of global enterprises, this management practice has grown from a fringe activity to the de facto discipline managing cloud spend. In this book, authors J R Storment and Mike Fuller outline the process of building a culture of cloud FinOps by drawing on real-world successes and failures of large-scale cloud spenders. Engineering and finance teams, executives, and FinOps practitioners alike will learn how to build an efficient and effective FinOps machine for data-driven cloud value decision-making. Complete with a road map to get you started, this revised second edition includes new chapters that cover forecasting, sustainability, and connectivity to other frameworks. You'll learn: The DNA of a highly functional cloud FinOps culture; A road map to build executive support for FinOps adoption; How to understand and forecast your cloud spending; How to empower engineering and finance to work together; Cost allocation strategies to create accountability for cloud and container spend; Strategies for rate discounts from cloud commitments; When and how to implement automation of repetitive cost tasks; How to empower engineering team action on cost efficiency.
