Spotify Update:

Spotify Teardown Maria Eriksson,Rasmus Fleischer,Anna Johansson,Pelle Snickars,Patrick Vonderau,2019-02-19 An innovative investigation of the inner workings of Spotify that traces the transformation of audio files into streamed experience Spotify provides a streaming service that has been welcomed as disrupting the world of music Yet such disruption always comes at a price Spotify Teardown contests the tired claim that digital culture thrives on disruption Borrowing the notion of teardown from reverse engineering processes in this book a team of five researchers have playfully disassembled Spotify s product and the way it is commonly understood Spotify has been hailed as the solution to illicit downloading but it began as a partly illicit enterprise that grew out of the Swedish file sharing community Spotify was originally praised as an innovative digital platform but increasingly resembles a media company in need of regulation raising questions about the ways in which such cultural content as songs books and films are now typically made available online Spotify Teardown combines interviews participant observations and other analyses of Spotify s front end with experimental covert investigations of its back end The authors engaged in a series of interventions which include establishing a record label for research purposes intercepting network traffic with packet sniffers and web scraping corporate materials The authors innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use the company later threatened their research funding Thus the book itself became an intervention into the ethics and legal frameworks of corporate behavior

Smart Move Smartypants Romance, Amanda Pennington, 2023-05-16

Ivy Lunden is Team Keep Things Casual. I am Toby Azumah's opposite in every way. I'm a pessimist; he's an optimist. I'm into art; he's into sports. Still, I'm highly entertained by our flirtatiouship. When he finally talks me into a date, everything goes wrong. Chaos descends on my orderly life when my mother falls and needs nearly round-the-clock care. Add in my nosy neighbor and my peace of mind has been turned inside out. When Toby, Mr. Best Case Scenario himself, offers to help, I'm skeptical. A relationship with him would only make things more chaotic, right? Or maybe Toby is the real deal, and giving him a chance is a smart move. After all, Toby Azumah is Team Happily Ever After. I've wanted to take the mysterious, beautiful Ivy Lunden to dinner ever since we met, and I'm confident she just needs a little time to warm up to the idea of us. But nothing goes according to my daydreams. Despite a no-show date, some flirty texts, and the fierce ways she protects herself and her mom, I see through the chaos and smoke to the real Ivy. The Ivy she rarely shows to the world. How can I convince her I'm making the smart move and playing for keeps? *Smart Move* is a full-length contemporary romance and can be read as a standalone.

The Grave Keepers Elizabeth Byrne, 2017-09-12

Lately sixteen-year-old Athena Windham has been spending all her spare time in her grave. Her parents, owners of a cemetery in Upstate New York, are proud of her devoutness, but her thirteen-year-old sister, Laurel, can't understand it. Laurel hates her own grave. It's so boring and chilly down there. She'd rather spend her time exploring the acres and acres of state forest that surround the Windhams' property. The Windham girls lead pretty secluded lives; their older sister died in a tragic accident the year before Laurel was born, and their parents' protectiveness has made the family semi-infamous in their small town. As the new school year begins, the outside world comes creeping in. Athena, a professional high school loner, grapples with a newfound enemy and even more surprising her first best friend. And homeschooled Laurel

sheltered and shy finds herself face to face with a runaway boy who's hiding out in an abandoned grave. All the while a ghost hangs around the Windham house and cemetery, the only grave keeper never to cross over as far as she knows, messing with people's graves, turning the Windhams' lights off and on, spying on the sisters and plotting how to keep the girls close to home and close to her forever. *The Grave Keepers* is a unique coming-of-age story from talented debut author Elizabeth Byrne.
