World Enough and Time V. M. Black, 2015-04-04 NY Times bestselling author V M Black returns with the triumphant final book of the hit vampire serial Cora Shaw's last tie to her old life is shattered when her best friend Lisette is captured by a vampire faction opposed to her fiancé Dorian Thorne Even with the billionaire Dorian's vast resources can Lisette be found alive before Cora's wedding date And if she isn't how can Cora hope to face what is supposed to be the happiest day of her life But events take an abrupt turn for the deadly as all the different pieces of the puzzle come into abrupt and lethal focus Finally Cora knows what the vampire faction is planning but it might be far too late for them all *New Media and Freedom of Expression* András Koltay, 2019-07-25 The principles of freedom of expression have been developed over centuries How are they reserved and passed on How can large internet gatekeepers be required to respect freedom of expression and to contribute actively to a diverse and plural marketplace of ideas These are key issues for media regulation and will remain so for the foreseeable decades The book starts with the foundations of freedom of expression and freedom of the press and then goes on to explore the general issues concerning the regulation of the internet as a specific medium It then turns to analysing the legal issues relating to the three most important gatekeepers whose operations directly affect freedom of expression ISPs search engines and social media platforms Finally it summarises the potential future regulatory and media policy directions The book takes a comparative legal approach focusing primarily on English and American regulations case law and jurisprudential debates but it also details the relevant international developments Council of Europe European Union as well as the jurisprudence of the European Court of Human Rights Constitutionalising Social Media Edoardo Celeste, Amélie Heldt, Clara Iglesias Keller, 2022-06-30 This book explores to what extent constitutional principles are put under strain in the social media environment and how constitutional safeguards can be established for the actors and processes that govern this world in other words how to constitutionalise social media Millions of individuals around the world use social media to exercise a broad range of fundamental rights However the governance of online platforms may pose significant threats to our constitutional guarantees The chapters in this book bring together a multi-disciplinary group of experts from law political science and communication studies to examine the challenges of constitutionalising what today can be considered the modern public square The book analyses the ways in which online platforms exercise a sovereign authority within their digital realms and sheds light on the ambiguous relationship between social media platforms and state regulators The chapters critically examine multiple methods of constitutionalising social media arguing that the constitutional response to the global challenges generated by social media is necessarily plural and multilevel All topics are presented in an accessible way appealing to scholars and students in the fields of law political science and communication studies The book is an essential guide to understanding how to preserve constitutional safeguards in the social media environment *An Invitation to Slow* Mark R. McMinn, Lisa Graham McMinn, 2024-10-22 We live in a day of fast information fast fingers fast

food fast shipping fast words fast anger and fast judgment Our fight or flight impulses keep us on high alert aided by mobile devices that vibrate each time another crisis strikes All this fastness can easily interfere with a slow intentional life grounded in God's love Christian faith has deep treasures and practices to offer us How will we live and who will we be in this highly charged era where politics economics environment and social norms are under significant duress Come explore quieter more intentional ways of being and how these might attune us to the slow work of God in order that we might love one another and the world as God does Our chapters pair a lure to move fast with an invitation to slow Becoming slow to anger is an invitation to empathy slow to judge is an invitation to humility and slow to grasp is an invitation to contentment Ultimately each of these invitations is a movement toward God
