newsletters that I produced as the Committee Chairman of the American Citizens Political Action Committee to show what
Americans think about Obama and his administration These newsletters were produced at the time the main stream media
and others released their press releases It is designed to illustrate what the average American thought of the articles and
how biased the main stream media is in slanting their articles to favor the unions Democrats and President Obama There
should be more truth in reporting It appears that the White House is approving all the main stream media reports instead of
reporting actual facts That is not right Our purpose is to have a record of what the American citizens wanted our elected
representatives and president to try to accomplish while they are in office We will then be able to compare the results at the
end of 2012 and see who has performed their duties in the manner that the United States citizens wanted I think we are
going to be really surprised by the results Public Papers of the Presidents of the United States: William J. Clinton,
