

The background of the cover is a detailed, high-contrast black and white photograph of a microprocessor chip mounted on a printed circuit board (PCB). The chip is a square integrated circuit with a grid of pins around its perimeter. The PCB is covered in a complex network of fine, light-colored traces and larger circular components, possibly capacitors or other chips, creating a dense, technical pattern. The lighting highlights the metallic surfaces of the chip and the intricate wiring of the board.
