The Idea of a Social Studies Education James A. Duplass, 2017-09-22

Offering a fresh take on the purpose of social studies today James A Duplass

positions philosophical counseling as a way for teachers to engage students in thinking deeply about what it means to be a citizen in a democratic society The Idea of a Social Studies Education takes a uniquely humanistic approach to the idea of a social studies education to show how teachers can act as philosophical counselors in preparing students for active civic engagement Duplass reminds the reader of the needs of students in modern society who seek to develop an identity worth living and the role social studies can play in students achieving that process By focusing on the cultivation of students autonomy authenticity efficacy and agency Duplass approach avoids political biases and instead encourages critical thinking to decipher what a democratic ideology truly is

Teacher Education and Professional Development in TESOL JoAnn Crandall, MaryAnn Christison, 2016-01-29 At the forefront of research on English language teacher education and professional development this volume presents new empirical research situated in different contexts around the world including Canada Denmark Israel Japan Korea Qatar Sudan and the U S It is framed by the volume editors insightful overview and analyses of previous and ongoing work in a variety of related domains and an epilogue by David Nunan The chapter studies are organized around three themes teacher identity in ESL EFL teacher education and professional development programs second language teacher education programs for diverse contexts and professional development for diverse contexts All chapters focus on the applied nature of the research and include a section on implications To provide balance and a range of views the volume includes both chapters reporting on empirical research funded by TIRF grant recipients and several from invited authors who are senior scholars in the field This is the third volume in the Global Research on Teaching and Learning English Series co published by Routledge and TIRF

Applied Psychology Debra Bekerian, Archie Levey, 2012 Applied Psychology Putting theory into practice demonstrates how psychology theory is applied in the real world Uniquely structured as a series of themed rooms it is as novel and engaging as it is essential reading for

student mapping a career in psychology *Equitable and Inclusive School Education* Bharti Kaushik,2024-12-31 This book highlights the strategies and approaches to the practice of equitable and inclusive school education elaborating the role of various stakeholders such as teachers special educators parents peers teacher educators educational administrators and Ed tech firms The aim of this book is to create an understanding of equitable and inclusive school education which is not restricted to children with disabilities but also includes children with different learning needs as well as those from socially and economically disadvantaged sections of society The focus is on presenting practical strategies that are grounded in theory and supported with research The significance of screening at the classroom level development of need based accessible learning teaching materials customizing the pedagogy practices for inclusive classrooms need based examination accommodations leveraging the potential of Information and Communication Technology ICT to elicit the participation of all and collaborative efforts toward realizing the optimum potential of each learner are a few basic ideas illustrated in the book with examples The volume also discusses recent national and international policies for equitable and inclusive education recommending courses of action for effective implementation of the existing provisions by teachers and educators The book will be useful to students researchers teacher educators special educators special education teacher educators pre service teachers and parents It will also be an invaluable companion to in service teachers policymakers and educational administrators curriculum developers and NGOs working in the field of inclusive education **The Status of Social Studies** Jeff Passe,Paul G. Fitchett,2013-10-01 A team of researchers from 35 states across the country developed a survey designed to create a snapshot of social studies teaching and learning in the United States With over 12 000 responses it is the largest survey of social studies teachers in over three decades We asked teachers about their curricular goals their methods of instruction their use of technology and the way they address the needs of English language learners and students with disabilities We gathered demographic data too along with inquiries about the teachers training their professional development experiences and even whether they serve as coaches The enormous data set from this project was analyzed by multiple research teams each with its own chapter This volume would be a valuable resource for any professor doctoral student or Master s student examining the field of social studies education It is hard to imagine a research study topical article or professional development session concerning social studies that would not quote findings from this book about the current status of social studies With chapters on such key issues as the teaching of history how teachers address religion social studies teachers use of technology and how teachers adapt their instruction for students with disabilities or for English language learners the book s content will immediately be relevant and useful *Working Adolescents: Rethinking Education For and On the Job* Mary Ann Maslak,2022-03-12 This book offers a new approach to workforce education for youth It provides meaningful and essential insight into educational systems and practices through cases of vocational and technical education in the People s Republic of China the Republic of Italy and the United States of America The cases describe the

history of the multi faceted vocational systems and provide in doing so a springboard for this new work A conceptual framework comprised of the cognitive psychological and social building blocks of individual development explains the multifaceted dimensions of youth that contribute to the policies and practices of traditional adolescent educational models The framework extends that base by drawing on a multidisciplinary collection of research from both sociology and business to create a new transdisciplinary model for educational practice It highlights the important but often under studied relationship between educational institutions and workplaces The book culminates in an original model Community Works which advances both formal and non formal educational programming and curricula The model details a practical program for youth including roles and responsibilities of all stakeholders and a curricular map information on lesson planning varieties of instructional strategies and tools for assessment and evaluation for professionals

Resources in Education

,2001 *Teaching the Best Practice Way* Harvey Daniels, Marilyn Bizar, 2005 Everyone talks about best practice teaching but what does it actually look like in the classroom How do working teachers translate complex curriculum standards into simple workable classroom structures that embody exemplary instruction and still let kids find joy in learning In *Teaching the Best Practice Way* Harvey Daniels and Marilyn Bizar present seven basic teaching structures that make classrooms more active experiential collaborative democratic and cognitive while simultaneously meeting best practice standards across subject areas and throughout the grades Each section begins with an essay outlining one key method providing its historical background and research results and then describing the structure s vital features Next several teachers representing different grade levels and school communities explain how they adopted the basic model adapted it to their students needs and made it their own Fully updating and expanding *Methods that Matter* Stenhouse 1998 *Teaching the Best Practice Way* adds the stories of twenty more celebrated teachers including James Beane Donna Ogle Franki Sibberson and others from around the country A brand new chapter focuses on reading as thinking detailing the ways teachers can nurture strategic readers readers who not only deeply understand the printed materials they encounter in school but who also bring these cognitive strategies to their reading of film art music and their experience of the world The book also shares new research studies that validate the principles and activities of best practice teaching along with lists of recommended materials that support each of the seven methods Unique in the field *Teaching the Best Practice Way* speaks to all teachers K 12 with stories examples and practical classroom materials for the teachers of all children This is the book for teachers schools and districts that believe the big ideas about teaching really do cross all grade levels and subject areas Education professors will also find this an ideal resource for use in methods courses

Improving Standards-Based Learning

Judy F. Carr, Doug Harris, 2009-05-21 This is the best nuts and bolts guide for improving teaching and learning in our schools Carr and Harris have been successful in every school district they have consulted in Now we have access to their insight and experience in a book that is perfectly laid out with examples and worksheets to guide successful instructional improvement If you re serious

about instructional leadership this is the one book you need on your desk Kenneth W Eastwood Superintendent Middletown City School District NY Use this tool kit to develop a high quality curriculum that impacts student learning Although schools and districts across the country have made notable strides in their instructional programs educators continue to struggle with developing curriculum that addresses each learner s needs and strengths is aligned to instruction and assessment supports standards based learning and results in increased student learning In this book the authors provide a curriculum and improvement process that not only shows school leaders how to design a strong coherent curriculum but also leads the reader through the critical processes of implementing and then evaluating that curriculum for instructional improvement This resource is packed with ready to use tools that can be tailored to meet site specific needs and includes examples from schools and districts proven strategies guidelines and worksheets graphics and vignettes that illustrate key points and questions that promote reflection The book addresses key issues including How is curriculum put together Who should be involved and what should be included How should we go about it and how long will it take What should be considered during implementation How is curriculum evaluated Whether you are experienced or just getting started Improving Standards Based Learning provides an accessible framework with numerous tools for developing a curriculum that can generate substantive improvement in teaching and learning

American Educational Research Association Annual Meeting Program American Educational Research Association,2006
