

A hand is holding a smartphone, which displays a map application. The map shows a street grid with several red location pins. One pin is labeled 'Freemont' and another 'Geoduck'. A blue location pin is also visible. The word 'Gemini' is overlaid in large, light blue, sans-serif font across the center of the screen. Above the 'i' in 'Gemini' is a small blue four-pointed starburst icon. The background of the phone screen is a map with green areas representing parks or trees. The phone is held by a hand, and the background is dark and out of focus.

Laura Maya, 2024-02-23 Google Maps Profits offers a thorough guide to maximizing the benefits of Google Maps services for businesses. The book commences by exploring the market potential and advantages of Google Maps, laying a solid foundation for understanding the platform. It then progresses into a detailed instructional guide covering key topics such as optimizing business listings, implementing effective Google Maps SEO, and building a positive online reputation through Google Maps. The book adopts a hands-on approach, providing clear directions on identifying and targeting potential customers for these services, emphasizing geographical targeting and customer profiling. A significant focus is placed on optimizing Google Business Profiles to achieve higher search rankings through strategic SEO tactics. Moreover, the book dives into the critical role of local citations and Google reviews in establishing trust and authority online. It offers practical advice for obtaining and managing Google reviews, including innovative methods like QR codes and email marketing. Targeted at business owners, marketers, and entrepreneurs, Google Maps Profits is a vital tool for anyone seeking to boost their business's digital presence and capitalize on the opportunities presented by Google Maps for business growth and success.

Creating ChatGPT Apps with JavaScript Bruce Hopkins Jr., Bruce Hopkins Sr., 2025-03-26 Transform your JavaScript expertise through the power of Open AI API models using *Creating ChatGPT Apps with JavaScript*. This book will guide JavaScript developers to build smart applications while providing tangible knowledge of OpenAI's API for text summarization, creating transcripts from audio files, generating images, and running models locally on your machine. Through hands-on projects and code examples, readers will discover how to build AI-powered apps from scratch, such as using embeddings to train a Discord bot to answer customers' questions in multiple languages. Readers will also learn to dictate text for writing articles or blogs with a localized integration of Whisper and generate hero images with Dall-E. What's more, in the final chapter of this book, you'll be able to maximize productivity by creating a Smart Assistant like Alexa or Siri with JavaScript and the new Raspberry Pi 5. From seasoned developers to newcomers, this book offers something for everyone. Not only will readers learn to build apps with ChatGPT and JavaScript, but they will also learn best practices for prompt engineering. They'll understand how AI models can enhance workplace efficiency and utilize natural language processing (NLP) to make interactions with applications feel well-natural. The end result is expert knowledge in leveraging ChatGPT programmatically and incorporating the technology into diverse applications.

What You Will Learn Gain a deeper understanding of ChatGPT and how OpenAI's models work and different ways to implement each of their various features. Authenticate with ChatGPT and OpenAI's API and learn to send prompts with best practices with prompt engineering. Streamline productivity and content creation by leveraging transcription generation for dictation and image generation for creating hero images. Stay ahead of the game by incorporating different new features of OpenAI's API and understanding more complex concepts like using GPT-4 to train a Discord bot with an FAQ to assist with multilingual tech support.

Who This Book is for This book is written for JavaScript developers and hobbyists that want to use OpenAI and ChatGPT to create intelligent applications and streamline productivity. No prior experience with
