T-Kit 14 - Value-based learning in mobility projects Snežana Bačlija Knoch, Sérgio Gonçalves, Susie Nicodemi, 2022-05-18
Promote value based education in general and in learning mobility in the youth field in particular Learning mobility in the youth field is increasingly recognised and present in European programmes and in the activities and initiatives supported by the European Union the Council of Europe and other institutions Providing a meeting place for people from different environments and communities learning mobility programmes draw attention to values trigger reflections on them and stimulate questioning and critical examination If prepared and facilitated well these experiences can contribute to preparing and supporting young people and adult learners to be active in society and to be agents of change This T Kit has been written by and is for facilitators of learning to help start their thinking process about an important but also complex topic It aims to promote value based education in general to explain it and with practical examples related to specific values show how it can be used It is framed within the current policy framework of the Council of Europe and the European Union including their youth mobility programmes The T Kit should be understood through a holistic learning and non formal education approach the combination of theory background information examples and some practical ideas should help to initiate reflection from the relatively new angle of value based education in learning mobility in the youth field Value based learning is not neutral and neither is the T Kit Value based learning in mobility projects It is rooted in a set of values that it explores promotes and encourages action based on them To support this process the T Kit is divided into two parts one conceptual and one practical The conceptual part lays the foundation for value based learning in mobility while the practical part encompasses concrete activities and thought provokers which address the dilemmas and questions that can arise when implementing activities
