

The United States of America

The United States of America is a country in North America. It is made up of 50 states. The capital of the United States is Washington D.C. The United States is a big country with many different types of landscapes, like mountains, forests, deserts, and beaches. The United States is also home to many different types of animals, like bears, eagles, and alligators.

The United States has a lot of history. The first people who lived in the United States were Native Americans. Later, people from Europe came to the United States and started colonies. The United States became an independent country in 1776. The first president of the United States was George Washington.

The United States is known for its culture, too. There are many different types of music that came from the United States, like jazz, blues, and rock and roll. The United States is also known for its food, like hamburgers, hot dogs, and apple pie. Every year, people from all over the world come to the United States to visit famous landmarks, like the Statue of Liberty, the Grand Canyon, and Disneyland.

Reading Comprehension In The Us:

Reading Literacy in the United States Marilyn R. Binkley,Trevor Williams,1996 Using data from the 1991 IEA International Association for the Evaluation of Educational Achievement Reading Literacy Study a study compared United States fourth and ninth grade students to students in 32 other countries examined relationships between reading comprehension and aspects of family schooling and community and investigated the nature of reading instruction in American classrooms National samples of classes at the grade level containing the most 9 year olds and 14 year olds were used A world average was constructed of the 18 participating nations that are also members of the Organization for Economic Cooperation and Development OECD Results indicated that 1 American fourth graders outperformed students from all other countries except Finland 2 American ninth graders performance was closely grouped with that of students from 15 other nations 3 in the United States White students read better than Black and Hispanic students 4 most groups of American students outperformed the OECD average 5 students whose parents did not finish high school read at about the same level as the OECD average at fourth grade but fell below the average in the ninth grade 6 when differences in wealth race ethnicity level of parental education and other related attributes were taken into account children from one parent mother only families did as well as children from two parent families 7 parents educational attainment influenced reading comprehension over and above other aspects of family background 8 what teachers said they believed about reading instruction differed markedly from what they actually did and had students do Contains 70 references 43 notes 4 exhibits 3 tables and 29 figures of data RS *Official Gazette of the United States Patent and Trademark Office* ,1997 Monthly Catalog of United States Government Publications ,1990 **Reading Comprehension Research and Testing in the U.S.** Arlette Ingram

Willis,2012-09-10 This book challenges traditional sanctioned and official histories of reading comprehension by examining how ideological and cultural hegemony work to reproduce dominant ideologies through education in general and reading comprehension research and testing specifically Willis analyzes the ideological and cultural foundations that underpin concepts theories research tests and interpretations and connects these to the broader social and political contexts within U S history in which reading comprehension research and testing have evolved The reconstruction of a history of reading comprehension research and testing in this way demystifies past and current assumptions about the interconnections among researchers reading comprehension research and standardized reading comprehension tests A promising vision of the future of reading comprehension research and testing emerges one that is more complex multidimensional inclusive and socially just Reading Comprehension Research and Testing in the U S aims to revolutionize how reading comprehension is conceived theorized tested and interpreted for all children This is a critically relevant volume for educational researchers teacher educators school administrators teachers policy makers and all those concerned with school literacy and educational equity

Reading Literacy in the U. S. Marilyn Binkley,Trevor Williams,1997-07 A study of the reading comprehension of 4th and

9th grade students in the U S that goes beyond simple comparisons of national achievement levels The reader can place the U S in an international perspective compare the performance of the U S population with the performance of children in 32 other nations and thus evaluate our students against a world standard It looks at the reading comprehension skill of 4th graders the variation in these skills across various sub populations of students and the explanation for these variations according to what families teachers and schools do and provide Charts and tables
