that no longer work for us Ask yourself are you the same woman you were ten twenty years ago Think about it Over the decades our world changes yet sometimes we don't change with it This book will help you catch up with who you are today instead of being stuck in yesterday The goal is to help you build the emotional strength required to start fresh with a new direction and purpose in life no matter what your age Self-Care Planner H. B Book,2020-11-25 Self Care Planner Details Dimensions 8 5 x 11 Inches Pages 100 Pages Cover Matte cover Included Details Goal First Step Resources WakeUp Mood Energy Water Breakfast Lunch Dinner Bedtime 7 Days Note Down List and Many More This book is perfect if you for Gifts for busy moms Self care gifts for women Self management books Self-Care Is Not Selfish Tasheka Cox,Tasheka N Cox Ed D,2019-10-22 I wrote this book to help those of us who give so much to others give something back to ourselves As moms wives daughters career women friends and everything else between we don't always leave space for our own needs because we get so busy tending to everyone else's needs Our families friends and society expect so much from us but what happens when we find ourselves not having much else to give because we've already given out so much I know the answer to this question because I have experienced firsthand the results of putting everyone else's needs in front of my own and getting caught up in the busyness of life As a psychotherapist a mom a wife a daughter a sister and a friend I am always tending to someone else's needs Don't get me wrong I love all my roles but sometimes they are exhausting especially when I neglect my own needs in favor of taking care of those of others Many women whom I encounter in personal and professional contexts are willing to drop everything to help someone who calls on them for assistance They will do that even if it means giving up time they had planned to spend doing something for themselves Why is that Do we get some badge of honor when we prioritize everyone else's needs before our own Do we feel a sense of satisfaction when people compliment us for always being there for them We bust our butts to make things happen for others and leave little time and energy to make something happen for ourselves Prioritizing time for ourselves may sound a bit counterintuitive because many of us have been raised to be nurturers givers go getters and selfless with our time Listen I was raised the same way so I get it But at what personal cost are we expending all our energy on everyone and everything around us I know that all this is easier said than done but at some point we have to say enough is enough and realize that self care is NOT selfish As a matter of fact self care is one of the most selfless things we can do for ourselves Practicing self care can be life changing for women We can't pour from empty cups We can't give to others when we barely have enough to give to ourselves I made this workbook because I wanted women to take part in their own self care journeys The journey in this workbook is broken into three sections Section One will allow you to notice where you are on your self care journey by doing a short self assessment After discovering where you are Section Two will allow you to embark on a six week self care journey Section Three will help you express how you feel about where you are on your journey and determine what you can do to stay on your journey by integrating self care into your life
