Monster Loyalty How Lady Gaga Turns Followers Into Fanatics:

Monster Loyalty Jackie Huba, 2013 Marketing expert Jackie Huba explores Gaga's biography and fan philosophy and isolates the seven lessons any business can learn from her. And while not all businesses want to stand out the way she does, any business can win big by creating monster loyalty. Amazon.com

Living in the Limelight: Dynamics of the Celebrity Experience Kylo-Patrick R. Hart, 2019-07-22 This volume was first published by Interdisciplinary Press in 2014. For the typical celebrity, living in the limelight has never been particularly easy, and it seems to be getting harder every day. Although celebrity in the current century is similar to how it has been experienced in the past, the widespread availability of the Internet and its endless innovative potentialities have certainly brought about changes and new challenges. Today it is not uncommon for this seemingly desirable cult of personality to at times take on an unexpected life of its own, sweeping unprepared celebrities along for the ride. To enable readers to grasp the cumulative complexity of contemporary celebrity culture, this book explores dynamics of the celebrity experience in recent centuries and up to the present day. In doing so, it explicitly analyses ever-changing phenomena of relevance to the celebrity experience: the importance and impact of fans and fandoms and the various pleasures and pitfalls that celebrities regularly encounter.

Lady Gaga and the Sociology of Fame Mathieu Deflem, 2016-11-30 This book investigates the stardom of Lady Gaga within a cultural sociological framework. Resisting a reductionist perspective of fame as a commodity, Mathieu Deflem offers an empirical examination of the social conditions that informed Lady Gaga's rise to fame. The book delves into topics such as the marketing of Lady Gaga, the legal issues that have dogged her career, the media, her audience, her activism, issues of sex, gender, and sexuality, and Lady Gaga's unique artistry. By training a spotlight on this singular pop icon, *Lady Gaga and the Sociology of Fame* invites readers to consider the nature of stardom in an age of celebrity.

Brand Lady Gaga Kat Nelligan, 2025-01-23 This book is about Lady Gaga's branding: the stories that inform it and the ideas that shape her public image. Who is Lady Gaga, and how does she connect with her fans and audiences via storytelling? These questions guide Nelligan's discourse and textual analyses of Gaga's media interviews, product marketing, songs, albums, and documentaries to reveal numerous themes and messages that inform her brand. These themes include stories about monsters, self-love, bravery, kindness, and pride; distinctive and outlandish fashion and boundary pushing performance art; LGBTIQ+ activism and support of queer communities; mental health advocacy and philanthropy, which, as Nelligan shows, is powerfully underpinned by Gaga's own mental health challenges and personal reflections on the significance of family and kinship in shaping her identity as a songwriter and artist. Nelligan demonstrates how Gaga, in a considered yet heartfelt manner, weaves these themes together to form the overarching story of Brand Lady Gaga, offering insights into the star's extraordinary life and the dynamics of twenty-first-century branding in music.

Counterculture UK - a celebration Mark Sheerin, Coco Khan, Susan Murray, Mark Edward, Penny Pepper, Paul Quinn, Hayley Foster Da Silva, Ellen Cheshire, Charlie Oughton, Simon Smith, Jack Bright, Ben Graham, Em Ayson, Tim

Burrows, Tim Garrett, Bella Qvist, 2015-11-11 What is counterculture It's an alternative lifestyle The ideas that spread a revolution A movement that changes the world This new collection of essays celebrates the incredible originality of British post war culture British Art film theatre dance literature and music have attracted international recognition from the Angry Young Men to the Sex Pistols to Grayson Perry Now gaming the internet and social media enable creative communities to flourish and either fight for social justice or just be entertained Can we find the creative inspiration to succeed in a post capitalist future a wonderfully scholarly readable and useful treat on the perils of labelling culture Helen Lederer Comedienne It is the delinquents deviants and subversive Counterculturalists that embody the true grittiness of British Culture Subversive and volatile beings of anarchy freeing the masses from the commodification of commercialised expression Lurking in the margins Mark Edwards in Counterculture UK A Celebration expresses the liberated and reactionary nature of dance to mainstream culture through his euphoric exploration of free expression movement and identity A sensitive reflection of the youth within the northern powerhouse during socially and politically turbulent times that hyperextends itself to our present day discourses As dance is digitised through meme and viral media so to does the Counterculturalist constantly dancing their own revolution and liberating those who dare to be free in expression Kristian Gath QWERTY Theatre This is a good introduction to a diverse range of topics some of which of course will hold more interest than others but I think overall most are dealt with in a knowledgeable and capable way The writers know the subjects well enough that they can provide a clear overview as well as zoom in on the specific events or people who drove the movement or changes within the different fields and I like that we get different voices for each chapter There is nothing new or revolutionary in the book and the examples provided for most of the topics would be well known to the point of mainstream to most people but I still rather enjoyed reading the individual essays and seeing it in a context where the impact of certain events are shown on a variety of different stages The book can be used as a short starter to the different subjects If you want to delve deeper there is not much help in the book but as long as you are aware of that from the outset I doubt it will disappoint JBM 1776 Amazon 100 Reviewer I found it interesting when the author questioned the idea of whether counter culture declines when it becomes the culture and is therefore no longer pushing against anything I also enjoyed the way the author reminded the reader that the new technology of today's world really helps give space for people to explore their interests fantasies and share them with others I wonder where that will take us in the future Gemma Raishbrook Amazon

Global Glam and Popular Music Ian Chapman, Henry Johnson, 2016-02-12 This book is the first to explore style and spectacle in glam popular music performance from the 1970s to the present day and from an international perspective Focus is given to a number of representative artists bands and movements as well as national regional and cultural contexts from around the globe Approaching glam music performance and style broadly and using the glam glitter rock genre of the early 1970s as a foundation for case studies and comparisons the volume engages with subjects that help in defining the glam phenomenon in its many manifestations and

contexts Glam rock in its original term defining inception had its birth in the UK in 1970-71 and featured at its forefront acts such as David Bowie, T. Rex, Slade and Roxy Music. Termed glitter rock in the US, stateside artists included Alice Cooper, Suzi Quatro, The New York Dolls and Kiss. In a global context, glam is represented in many other cultures where the influences of early glam rock can be seen clearly. In this book, glam exists at the intersections of glam rock and other styles, e.g. punk, metal, disco, goth. Its performers are characterized by their flamboyant and theatrical appearance, clothes, costumes, makeup, hairstyles; they often challenge gender stereotypes and sexuality, androgyny, and they create spectacle in popular music performance, fandom and fashion. The essays in this collection comprise theoretically informed contributions that address the diversity of the world's popular music via artists, bands and movements, with special attention given to the ways glam has been influential, not only as a music genre but also in fashion design and other visual culture.

Social Media Kelli S. Burns, 2017-03-20 Social media is arguably one of the most powerful technology-enabled innovations since the Internet itself. This single volume book provides a broad and easily understandable discussion of the evolution of social media-related problems and controversies, especially for youth, key people and organizations, and useful social media data. Social media is an integral part of people's lives. More than half of the world's 2.4 billion Internet users sign in to a social network regularly, a figure that continues to grow. More than half of online adults now use two or more social media sites. 71 percent of Internet users are on Facebook. This book surveys the history of social media, addresses the power of social media for positive change, describes the problems and controversies social media have caused, and suggests potential solutions to these issues. Geared toward students and general readers, this accessibly written book covers such topics as the link between social media and body image, the psychological affects of social media use, online conversations about sexual assault, corporate use of social media data, political campaigning through social media, fan tweeting during television shows, and crisis communication through social media. Readers will also gain insights into the range of serious problems related to social media, including privacy concerns, social media addiction, social media hoaxes and scams, the pressure to project an ideal self, the curation of content presented on social media, cyberbullying, sexting, Facebook depression and envy, online shaming, and the impact of social media use on communication skills.

Lady Gaga Amy Pettinella, 2014-12-15 Pop sensation Lady Gaga is one of music's biggest stars. Read about how she also shines in the business world with her own social media site, a line of perfume, and her influence on technology.

Never Lose a Customer Again Joey Coleman, 2018-04-03 Award-winning speaker and business consultant Joey Coleman teaches audiences and companies all over the world how to turn a one-time purchaser into a lifelong customer. Coleman's theory of building customer loyalty isn't about focusing on marketing or closing the sale. It's about the First 100 Days after the sale and the interactions the customer experiences. While new customers experience joy, euphoria, and excitement, these feelings quickly shift to fear, doubt, and uncertainty as buyer's remorse sets in. Across all industries, somewhere between 20%–70% of newly acquired customers will stop doing business with a company within the first 100 days.

of being a new customer because they feel neglected in the early stages of customer onboarding In Never Lose a Customer Again Coleman offers a philosophy and methodology for dramatically increasing customer retention and as a result the bottom line He identifies eight distinct emotional phases customers go through in the 100 days following a purchase From an impulse buy at Starbucks to the thoughtful purchase of a first house all customers have the potential to experience the eight phases of the customer journey If you can understand and anticipate the customers emotions you can apply a myriad of tools and techniques in person email phone mail video and presents to cement a long and valuable relationship Coleman s system is presented through research and case studies showing how best in class companies create remarkable customer experiences at each step in the customer lifecycle In the Acclimate stage customers need you to hold their hand and over explain how to use your product or service They re often too embarrassed to admit they re confused Take a cue from Canadian software company PolicyMedical and their challenge of getting non technical users to undergo a complex installation and implementation process They turned a series of project spreadsheets and installation manuals into a beautiful puzzle customers could assemble after completing each milestone In the Adopt stage customers should be welcomed to the highest tier of tribal membership with both public and private recognitions For instance Sephora s VIB Rogue member welcome gift provides a metallic membership card private recognition and a members only shade of lipstick for public display In the final stage Advocate loyal customers and raving fans are primed to provide powerful referrals That s how elite entrepreneurial event MastermindTalks continues to sell out their conference year after year with zero dollars spent on marketing By surprising their loyal fans with amazing referral bonuses an all expenses paid safari they guarantee their community will keep providing perfect referrals Drawing on nearly two decades of consulting and keynoting Coleman provides strategies and systems to increase customer loyalty Applicable to companies in any industry and of any size whether measured in employee count revenue or total number of customers implementing his methods regularly leads to an increase in profits of 25 100% Working with well known clients like Hyatt Hotels Zappos and NASA as well as mom and pop shops and solo entrepreneurs around the world Coleman s customer retention system has produced incredible results in dozens of industries His approach to creating remarkable customer experiences requires minimal financial investment and will be fun for owners employees and teams to implement This book is required reading for business owners CEOs and managers as well as sales and marketing teams account managers and customer service representatives looking for easy to implement action steps that result in lasting change increased profits and lifelong customer retention

Fiercely You Jackie Huba, Shelly Stewart Kronbergs, 2016-08-15 Work through your fears by getting fierce Fiercely You is a creative playful approach to the

serious problems that women face regarding confidence and risk taking At a particularly low point in her life bestselling author Jackie Huba serendipitously stumbled upon the wonderful world of drag queens and was inspired They were supremely self assured utterly fearless strong powerful and unabashedly and completely themselves Jackie even became a drag queen herself Lady Trinity Drawing on her own experiences and interviews with the world s top drag queens Huba and coauthor Shelly Kronbergs offers five Keys to Fierce that will help readers find the courage to ignore criticism and live the life they truly want to live every day no wigs or stilettos required *The Passion Conversation* Robbin Phillips,Greg Cordell,Geno Church,John Moore,2013-08-14 No passion no conversation No conversation no word of mouth No word of mouth no successful business If you think you are in the marketing business think again You re in the people business and The Passion Conversation teaches you how to get people to fall passionately and madly in love with your organization or cause The author s mash up of the latest in wonky academic research with practical real world stories shows how any business can spark and sustain word of mouth marketing Readers learn how loving your customers results in not just building a thriving community but also driving meaningful conversations ultimately impacting the financial success of a business The Passion Conversation will change your perspective on marketing by Explaining the three motivations for people to talk about businesses and causes Detailing how every marketing problem is a people problem in disguise Giving heartfelt evidence that marketing materials are now conversation tools Showing how customer communities sustain word of mouth while also sparking financial impact Helping your business apply these marketing lessons through a series of workbook exercises called Passion Explorations The time is now for marketers and businesses to go beyond the product conversation to understanding sparking and sustaining the passion conversation for why your business is in business *Branding* Susan Meyer,2014-07-15 Whether you re in business or just enjoying some free time on social media creating an identity on the Web is more important than ever Readers will learn how companies of all shapes and sizes use the Internet to form an image and increase sales This instructive volume also provides examples of how one s personal brand online is more important than one might think Myths and facts dispel some common misconceptions about online branding and 10 Great Questions to Ask a Social Media Specialist will help readers focus on the important aspects of their online presence May I Quote You on That? Stephen Spector,2015 A guide to English grammar and usage for the twenty first century pairing grammar rules with interesting and humorous quotations from American popular culture *Understanding Popular Music Culture* Roy Shuker,2016-01-29 This extensively revised and expanded fifth edition of *Understanding Popular Music Culture* provides an accessible and comprehensive introduction to the production distribution consumption and meaning of popular music and the debates that surround popular culture and popular music Reflecting the continued proliferation of popular music studies the new music industry in a digital age and the emergence of new stars this new edition has been reorganized and extensively updated throughout making for a more coherent and sequenced coverage of the field These updates include two new

chapters entitled *The Real Thing* Authenticity covers and the canon and *Time Will Pass You By* Histories and popular memory new case studies on artists including The Rolling Stones Lorde One Direction and Taylor Swift further examples of musical texts genres and performers throughout including additional coverage of Electronic Dance Music expanded coverage on the importance of the back catalogue and the box set reality television and the music biopic greater attention to the role and impact of the internet and digital developments in relation to production dissemination mediation and consumption including the role of social network sites and streaming services each chapter now has its own set of expanded references to facilitate further investigation Additional resources for students and teachers can also be found on the companion website www.routledge.com/cw/shuker which includes additional case studies links to relevant websites and a discography of popular music metagenres

Taking Fame to Market B. King, 2014-11-04 This book explores from a sociological perspective the relationship between acting as symbolic work and the commercialization of popular culture Particular attention is paid to the social conditions that gave rise to stardom in the theatre and cinema and how shifts in the marketing of stars have impacted upon contemporary celebrity culture

Gothic Queer Culture Laura Westengard, 2019-10-01 In *Gothic Queer Culture* Laura Westengard proposes that contemporary U S queer culture is gothic at its core Using interdisciplinary cultural studies to examine the gothicism in queer art literature and thought including ghosts embedded in queer theory shadowy crypts in lesbian pulp fiction monstrosity and cannibalism in AIDS poetry and sadomasochism in queer performance Westengard argues that during the twentieth and twenty first centuries a queer culture has emerged that challenges and responds to traumatic marginalization by creating a distinctly gothic aesthetic *Gothic Queer Culture* examines the material effects of marginalization exclusion and violence and explains why discourse around the complexities of genders and sexualities repeatedly returns to the gothic Westengard places this queer knowledge production within a larger framework of gothic queer culture which inherently includes theoretical texts art literature performance and popular culture By analyzing queer knowledge production alongside other forms of queer culture *Gothic Queer Culture* enters into the most current conversations on the state of gender and sexuality especially debates surrounding negativity anti relationalism assimilation and neoliberalism It provides a framework for understanding these debates in the context of a distinctly gothic cultural mode that acknowledges violence and insidious trauma depathologizes the association between trauma and queerness and offers a rich counterhegemonic cultural aesthetic through the circulation of gothic tropes

Poetic Justice Tami Belt, 2015-11-16 These pages hold a lifetime of lessons learned about love life and relationships *Poetic Justice* is not a typical book designed for reading from beginning to end but as individual pages that beckon your soul at a particular moment in time Chapters are organized by topic not chronologically Like a diary entry each poem represents my innermost insights and feelings during a moment in time Each entry is anonymous because lessons live on unlike some relationships I didnt write these poems they wrote me When I was overwhelmed with emotion and didnt think anyone could hear me or understand the words poured

through me onto the pages sometimes between the blinding tears of heartbreak and betrayal sometimes fueled by liquid courage on bar napkins sometimes in the depths of depression and sometimes by the light of love Whether you're inspired by music dance painting or prose express yourself Everyone has a story someone in the world needs to hear for inspiration insight or to know they're not alone This is part of my story Thank you for listening *Electronic Commerce* Efraim Turban, David King, Jae Kyu Lee, Ting-Peng Liang, Deborrah C. Turban, 2015-01-29 Throughout the book theoretical foundations necessary for understanding Electronic Commerce EC are presented ranging from consumer behavior to the economic theory of competition Furthermore this book presents the most current topics relating to EC as described by a diversified team of experts in a variety of fields including a senior vice president of an e-commerce related company The authors provide website resources numerous exercises and extensive references to supplement the theoretical presentations At the end of each chapter a list of online resources with links to the websites is also provided Additionally extensive vivid examples from large corporations small businesses from different industries and services governments and nonprofit agencies from all over the world make concepts come alive in Electronic Commerce These examples which were collected by both academicians and practitioners show the reader the capabilities of EC its cost and justification and the innovative ways corporations are using EC in their operations In this edition previous editions published by Pearson Prentice Hall the authors bring forth the latest trends in e-commerce including social businesses social networking social collaboration innovations and mobility Marketing Communications Babek Taheri, Hamid Shaker, 2024-12-20 Fully revised and updated Marketing Communications 2nd edition acknowledges that the most important task faced by any marketing communications practitioner is to identify and select an optimum promotions mix to help achieve an organization's business objectives
