Monument to Now Dan Cameron, Deste Foundation for Contemporary Art, 2004 Edited by Jeffrey Deitch Essays by Dan Cameron Alison Gingeras Massimiliano Gioni and Nancy Spector Introduction by Dakis Joannou **Facing Images** Kristopher W. Kersey, 2024-08-06 If we want to decolonize the history of art argues Kristopher Kersey we must rethink our approach to the historical record This means dispensing with Eurocentric binaries divisions between Western and non Western modern and premodern and making a commitment to artworks that challenge the perspectives we build upon them In Facing Images the question takes elegant and intriguing form If the aesthetic hallmarks of modernity can be found in twelfth century art what does it really mean to be modern Kersey s answer to this question models a new historiography Facing Images begins by tracing the turbulent discourse surrounding the emergence of Japanese art history as a modern field In lieu of examining canonical works from the twelfth century Kersey foregrounds the elusive and the enigmatic in artworks little known and understudied outside Japan the manuscripts he selects defy traditional art historical narratives by exhibiting decidedly modern techniques including montage self reference reuse noise dissonance and chronological disarray Kersey weaves these medieval case studies together with insights from a wide range of interdisciplinary scholarship using a methodology that will prove important for historians Facing Images produces a history of non Western art in which diverse and anachronic works are brought responsibly and equitably into dialogue with the present without being subsumed under Eurocentric formalisms or false universals A timely intervention in the history of medieval Japanese art art historiography and the history of global modernism Facing Images redefines the relationship of the premodern non West to modern art It will be of particular interest to scholars of medieval Japanese art and of modernism *Jeff Koons* Scott Rothkopf, 2014-07-08 With over 200 illustrations of iconic works as well as preparatory studies and historic photographs this book offers fresh insight into Koons s polarizing and influential career *Dwell*, 2004-09 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines **Sabotage Art** Sophie Halart, Mara Polgovsky Ezcurra, 2016-03-31 Sabotage is the deliberate disruption of a dominant system be it political military or economic Yet in recent decades sabotage has also become an artistic strategy most notably in Latin America In Brazil Colombia Mexico Chile and Argentina artists are producing radical unruly or even iconoclastic work that resists state violence social conformity and the commodification of art Sabotage Art reveals how contemporary Latin American artists have resorted to sabotage strategies as a means to bridge the gap between aesthetics and politics The global status of and market for Latin American art is growing rapidly This book is essential reading for those who want to understand this new dissident work as well as its mystification co option and commercialisation within current academic historiographies and art
