Heinemann,Christian Gaiser,2014-11-20 n the future shopping will be greatly influenced by a combination of localization issues mobile internet at the point of sale and use of social networks This book focuses on the SoLoMo synergies that arise from this paradigm shift in future shopping which also promises new and effective marketing options for traditional retailers It also reflects the current status of research and business practice analyzing the basic factors of SoLoMo in detail The importance of Location based Services LBS is elaborated and analyzed in an empirical study using a market based case of kaufDA a leading German online shopping network The evidence shows that customers see LBS as an attractive tool and are prepared to change their buying behavior Though LBS is still in its early stages and its professional longevity remains to be seen it also promises tremendous potential for the future *Intelligent Retail* Gerrit Heinemann,2022-10-13 This book shows stationary retail a way to reinvent itself after Corona in order to be able to survive against the strong competition of online retail The focus is on the central issues that will shape the retail of the future For example brick and mortar retail in particular must now work with intelligent systems based on data and adopt or even surpass methods that the large online marketplaces have been using successfully for a very long time In this regard artificial intelligence also plays a major role in retail This is not just about automation and robots taking over tasks but also about instruments and machines being able to learn and draw conclusions themselves in all retail functions This is becoming increasingly difficult because our shopping and search behavior is constantly changing Therefore a customer should receive intelligent recommendations in the store which are also based on his already known interests and behavior patterns Gerrit Heinemann shows how intelligent action can save stationary retail in city centres and shopping centres The content From stationary Retail to intelligent Retail Threats to the stationary retail trade Basic requirements and manifestations of intelligent Retail Examples of intelligent retail of the future Risks for intelligent Retail **Global Technology Management 4.0** Pratim Milton Datta,2022-05-21 Technology is pervasive in today s globalized world Moreover technology and globalization drive competitiveness and strategy and must be

managed well This textbook uses technology management as the central theme to cover multiple business and social facets including digital transformation cybersecurity international operations marketing finance culture human capital and the political economy The book is divided into four sections Part 1 examines the confluence of globalization and technology from the first Industrial Revolution to the current Fourth Industrial Revolution Part 2 introduces strategic and analytical metrics and models that are crucial to managerial decision making Part 3 discusses the basics of cybersecurity and combating cyber threats to protect organization and its stakeholders Part 4 focuses on sustainable operations global projects and digital transformation in a technology centric globalized world The book will help students learn how to navigate business aspects of globalization and technology in the 4th Industrial Revolution 4IR For instructors the learning objectives and discussion questions help guide students in grasping the material

Consumer Behavior in Action Geoffrey Paul Lantos,2015-01-28 Consumer Behavior in Action is a down to earth highly engaging and thorough introduction to consumer behavior It goes further than other consumer behavior textbooks to generate student interest and activity through extensive use of in class and written applications exercises Each chapter presents several exercises in self contained units each with its own applications Learning objectives background and context are provided in an easy to digest format with liberal use of lists and bullet points Also included in each chapter are a key concepts list review questions and a solid summary to help initiate further student research The author's practical focus and clear conversational writing style combined with an active learning approach make this textbook the student friendly choice for courses on consumer behavior

The Internet as a Technology-Based Ecosystem Nigel Walton,2017-05-04 This book examines and critiques classical approaches to strategic analysis whilst exploring alternative methods which utilise ecosystem and platform concepts as well as chaos and complexity theories The innovative study provides a critique of the neoclassical Newtonian school of strategy and proves it to be largely inappropriate as a decision making methodology in today's internet based market By developing a new biological hydrothermal vent model in which analogical comparisons are made with the Information Communication Technology ICT sector the chapters challenge existing paradigms of competitive advantage and analyse the extent to which the Internet can be considered to be an ecosystem in its own right The Internet as a Technology Based Eco System offers a range of alternative models and analytical frameworks for the analysis of internet based technology companies in the twenty first century creating a valuable tool for students and academics undertaking research in strategy technology and electronic engineering
