It is very fast and pretty solid at writing and coding tasks.                       | It is fast and cheap and capable, but other models are now better. Also, it is not connected to the internet, so don't use it like a search engine.                                                         |
