ranging from start ups to nonprofits to large global companies better define what they need to bring strategy to life This she found is the great gulf in business the vast space between idea and results High Stakes Leadership helps leaders sharpen their ability to act decisively with clarity and focus test ideas using reason and course correct as needed be resolute and inspire others to continue even in the face of challenges Leading requires the courage to make conscious decisions about what to do the judgment to separate information from short term trends and the fortitude to remain true to oneself and one's mission When leaders do these things they also become teachers leading their teams by example often without realizing it The essential aspects of good leadership endure even as the environment and tactics change Indeed courage judgment and fortitude are not merely tools for survival they are the means by which we sculpt the future Shoe and Leather Journal ,1902 **The British Ski Year Book** ,1925 **Report of the Department of Mines of Pennsylvania** Pennsylvania.
