The Lesson of Carl Schmitt Heinrich Meier, 1998-11

With this book Heinrich Meier completes his critical analyses of the controversial thought of Carl Schmitt that began with Carl Schmitt and Leo Strauss

The Hidden Dialogue 1995

Meier's interpretation which first appeared in German in 1988 and has since been translated into French and Japanese as well as English has dramatically reoriented the international debate about Carl Schmitt and political theology

In The Lesson of Carl Schmitt Meier identifies the core of Schmitt's thought as political theology that is political theorizing that claims to have its ultimate ground in the revelation of a mysterious or suprarational God

This radical but half hidden theological foundation underlies the whole of Schmitt's often difficult and complex oeuvre rich in historical turns and political convolutions intentional deceptions and unintentional obfuscations
