Movies & Mental Illness Danny Wedding, Mary Ann Boyd, 1999 Movies and Mental Illness by Danny Wedding and Mary Ann Boyd provides students and instructors with an innovative and intriguing approach to studying

abnormal psychology This text utilizes the viewing and discussion of popular films to illuminate and enhance student understanding of abnormal behavior As educators themselves the authors have used films to supplement their lectures and have found that films are an ideal medium for teaching students in psychology social work medicine nursing and counseling about the fascinating world of psychopathology The text mirrors the table of contents of a typical abnormal psychology text except it uses a main film to illustrate the disorder Questions are integrated throughout to provide teaching flexibility as well as stimulate critical thinking and classroom discussion Films may be viewed independently in small groups or in class A comprehensive appendix provides a listing of films and offers the student and instructor a resource for many years to come The book is designed to supplement a main abnormal psychology textbook and will be available as a prepack with Abnormal Psychology Eighth Edition by Alloy Jacobson and Acocella

Health Humanities in Postgraduate Medical Education Allan D. Peterkin, Anna Skorzewska, 2018-08-24 Most medical schools in the US Canada and UK now incorporate some form of arts and humanities based teaching into their curricula What happens in residency is another story Most postgraduate programs do not continue the thread of such teaching although many residents would like to deepen their understanding of the medical humanities before they move into practice The humanities emphasize the human side of medicine and can provide a counterpoint to the reductionism of evidence based medicine and technological hubris for young doctors as they apply new knowledge and skills in ambiguous real life encounters with patients who are living with complicated health problems Humanities based education can help both sides of the relationship programs are shown to reduce burnout and mental health issues in young physicians and can also help learning practitioners grapple with the most difficult aspects of their craft how does one persuade patients on a course of treatment while respecting informed consent How does one work with families How does one listen to and treat patients exhibiting self harm tendencies Available research may demonstrate the efficacy of such exposures but provide little practical advice or resources for setting up programs across specialty and sub specialty disciplines Health Humanities in Post Graduate Medical Education will fill this gap in knowledge translation for the thousands of residency programs worldwide allowing educators supervisors and residents themselves to create robust and educationally sound workshops seminars study groups lecture series research and arts based projects publications and events

Male Mental Illness in Contemporary Culture Christina Wilkins, 2025-11-19 This book explores contemporary cultural narratives across film television and literature to illuminate the way male mental illness is positioned It argues that fundamentally the male experience is shaped differently due to the impact of gender expectations Alongside this narratives containing suicide also often fail to address the experiential focusing on the why instead This results in a limited approach that upholds hegemonic ideals and with it a need to rationalize or explain mental health and suicide rather than engage with it more empathetically

Mental Illness in Popular Media Lawrence C. Rubin, 2014-01-10 Whether in movies cartoons commercials or even fast food marketing psychology and mental illness remain pervasive in popular culture In this collection

of new essays scholars from a range of fields explore representations of mental illness and disabilities across various media of popular culture Contributors address how forms of psychiatric disorder have been addressed in film on stage and in literature how popular culture genres are utilized to communicate often confusing and conflicted relationships with the mentally ill and how popular cultures around the world reflect mental illness and disability Analyses of sources as disparate as the Batman films Broadway musicals and Nigerian home movies reveal how definitions of mental illness mental health and of psychology itself intersect with discourses on race gender law capitalism and globalization Instructors considering this book for use in a course may request an examination copy here *Creative Education, Teaching and Learning* Gayle Brewer, Russell Hogarth, 2018-11-22 Educators and education policy has increasingly acknowledged the value of creativity and creative approaches to education in particular This book highlights a range of innovative teaching techniques successfully employed by teachers from a range of disciplines and education levels in order to share knowledge regarding creative education *Learning Group Leadership* Jeffrey A.
