Mr Jeffersons Lost Cause Land Farmers Slavery And The Louisiana Purchase:

Mr. Jefferson's Lost Cause Roger G. Kennedy, 2003 Thomas Jefferson advocated a republic of small farmers free and independent yeomen And yet as president he presided over a massive expansion of the slaveholding plantation system particularly with the Louisiana Purchase squeezing the yeomanry to the fringes and to less desirable farmland Now Roger G Kennedy conducts an eye opening examination of the gap between Jefferson s stated aspirations and what actually happened Kennedy reveals how the Louisiana Purchase had a major impact on land use and the growth of slavery He examines the great financial interests such as the powerful land companies that speculated in new territories and the British textile interests that beat down slavery s many opponents in the South itself Native Americans African Americans Appalachian farmers and conscientious opponents of slavery He describes how slaveholders cash crops first tobacco then cotton sickened the soil and how the planters moved from one desolated tract to the next Soon the dominant culture of the entire region from Maryland to Florida from Carolina to Texas was that of owners and slaves producing staple crops for international markets The earth itself was impoverished in many places beyond redemption None of this Kennedy argues was inevitable He focuses on the character ideas and ambitions of Thomas Jefferson to show how he and other Southerners struggled with the moral dilemmas presented by the presence of Indian farmers on land they coveted by the enslavement of their workforce by the betrayal of their stated hopes and by the manifest damage being done to the earth itself Jefferson emerges as a tragic figure in a tragic period Mr Jefferson s Lost Cause was a CHOICE Outstanding Academic Title for 2003

The Politics of Southern Pastoral Literature, 1785-1885 Peter Templeton, 2018-12-26 In *The Politics of Southern Pastoral Literature 1785 1885 Jeffersonian Afterlives* Peter Templeton presents a wide ranging and systematic evaluation of pastoral in the nineteenth century Southern novel offering an explicit appraisal of the philosophical and political rationale of pastoral literature alongside the existing body of research into the image of Jefferson following his death Rather than assuming a homogeneous South Templeton locates Southern pastoral in its specific political context offering readings of significant factors such as the literary representation of landscape of class and the yeoman ideal and the institution of slavery and its intellectual underpinnings Focusing on a six key Southern authors both canonical and relatively understudied the book charts key transformations in the politics of pastoral literature in the period and noteworthy reconfigurations in the representation of Jefferson and his philosophies in order to analyze what these signified to nineteenth century Americans In doing so the text also demonstrates how ideologies react to the stresses imposed on them by political realities

Dislocating Race and Nation Robert S. Levine, 2009-06-01 American literary nationalism is traditionally understood as a cohesive literary tradition developed in the newly independent United States that emphasized the unique features of America and consciously differentiated American literature from British literature Robert S Levine challenges this assessment by exploring the conflicted multiracial and contingent dimensions present in the works of late eighteenth and nineteenth century American and African American writers Conflict and uncertainty not consensus Levine argues helped define American literary nationalism during this period Levine emphasizes the centrality of both inter

and intra American conflict in his analysis of four illuminating episodes of literary responses to questions of U S racial nationalism and imperialism He examines Charles Brockden Brown and the Louisiana Purchase David Walker and the debates on the Missouri Compromise Nathaniel Hawthorne Herman Melville and Hannah Crafts and the blood based literary nationalism and expansionism of the mid nineteenth century and Frederick Douglass and his approximately forty year interest in Haiti Levine offers critiques of recent developments in whiteness and imperialism studies arguing that a renewed attention to the place of contingency in American literary history helps us to better understand and learn from writers trying to make sense of their own historical moments

Thomas Jefferson Wilson Jeremiah Moses, 2019-03-28 In Thomas Jefferson A Modern Prometheus Wilson Jeremiah Moses provides a critical assessment of Thomas Jefferson and the Jeffersonian influence Scholars of American history have long debated the legacy of Thomas Jefferson However Moses deviates from other interpretations by positioning himself within an older Federalist historiographic tradition offering vigorous and insightful commentary on Jefferson the man and the myth Moses specifically focuses on Jefferson s complexities and contradictions Measuring Jefferson s political accomplishments intellectual contributions moral character and other distinguishing traits against contemporaries like George Washington and Benjamin Franklin but also figures like Machiavelli and Frederick the Great Moses contends that Jefferson fell short of the greatness of others Yet amid his criticism of Jefferson Moses paints him as a cunning strategist an impressive intellectual and a consummate pragmatist who continually reformulated his ideas in a universe that he accurately recognized to be unstable capricious and treacherous

Seeing Jefferson Anew John B. Boles, Randal Hall, 2010-08-31 Thomas Jefferson s ideas have been so important in shaping the character and aspirations of the United States that it has proven impossible to think about the state of the nation at almost any moment without implicit or explicit reference to his words and actions In similar fashion each generation has understood Jefferson in the context of the central issues of its time Jefferson has for better or for worse been a man for all seasons The essays in this collection seek to update and reevaluate several key aspects of Jefferson s attitudes and policies in light of the newest research and at the same time take care to consider his ideas about such controversial topics as race gender and religion in the context of his own time and place Simultaneously the contributing authors analyze the relevance of Jefferson for our own age conscious of how contemporary judgments about slavery religion and Native Americans for example shape our coming to terms with the nation s history Here is no simple search for a usable past but instead a tough minded but fair examination of a complex man who in fundamental ways represents both the promise and the problems of the American experience Contributors John B Boles Rice University Thomas E Buckley Jesuit School of Theology of Santa Clara University at Berkeley Andrew Burstein Louisiana State University Randal L Hall Rice University Peter J Kastor Washington University at St Louis Jan Ellen Lewis Rutgers University Peter S Onuf University of Virginia Andrew J O Shaughnessy Director of the Robert H Smith International Center for Jefferson Studies Adam Rothman Georgetown University Eva Sheppard Wolf San

Sherrod, Annette Pierce Sherrod, 2014 The book employs the story of one particular extended family network the Browns Sherrods Mannings Sprowls and Williamses to illustrate the powerful influence of kinship ties as a force mitigating lines of class distinction in the nineteenth century American South It traces each family s story from its earliest appearance in the historical record to the convergence of the family network first taking shape in northeast Alabama and eventually reaching full blown form in northwest Louisiana s Red River Valley There both the plain folk and planters within the group demonstrated exceptional harmony and cooperation in constructing a flexible family network that left its mark on the area between the 1820s and 1870s The story of these five families reveals much about migratory patterns of that restless segment of early to mid nineteenth century Americans who hankered to exploit opportunities on the ever expanding westward moving agricultural frontier
