cultural traditions in Europe and in doing so fills some gaps in our knowledge about women and enriches debates hitherto dominated by Anglo American influences Among the new areas of enquiry opened up in this book by the specificities of European Women s Studies are The fact that Europe has repeatedly experienced warfare on its own territory which has impacted significantly on women Hence the focus in this volume on women and militarism and on ethnic cleansing as an attack on the family The abidingly problematic relationship between feminism and anti semitism and issues of migration and whiteness in a context where racism reflects the colonial histories of particular European countries The importance of passion and the emotions as well as psychoanalytical theory for politics particularly in Southern and Eastern European countries Current problems facing Europe including the decline of the welfare state the phenomenon of the single woman and the relationship between women s rights and human rights The diverse faces of feminist movements in particular European countries Reading feminism from a European perspective will enable readers to reflect upon the ways in which changes in political social and cultural positions and practices over the past century in Europe have impacted on feminist thinking and theorizing The volume raises important issues about the transfer of feminist concepts across cultures and languages And to English speaking audiences the volume also offers fresh viewpoints on some of the key debates in Women s Studies

Guadalupe María Cabedo, 2014-03-07 La literatura espaola de posguerra ya se ha analizado mucho y afortunadamente bastantes de las previamente olvidadas escritoras de posguerra se han ido recuperando y estudiando Sin embargo todava queda mucho por desarrollar Hoy da en Espaa es vital recuperar la labor de la memoria colectiva para poder ver y entender mejor el pasado pues no se puede construir un futuro sin haber reconstruido y entendido

ese pasado Este libro es un análisis de tres novelas de la posguerra escritas por mujeres Nada de Carmen Laforet Entre visillos de Carmen Martín Gaité y Primera memoria de Ana María Matute Estas escritoras a las que la crítica ha incluido dentro de la denominada Generación de Posguerra conforman una suerte de grupo literario ya que comparten sus obras una serie de características comunes Dichos rasgos vienen dados por una temática centrada en las preocupaciones problemas e inquietudes de las mujeres de su generación Este libro analiza temas comunes de estas tres obras la ausencia de la madre soledad y aislamiento galaxia femenina y por último identidad e independencia No es mi intención mostrar una teoría feminista que defienda la existencia de una escritura o estética femenina basada en el hecho biológico de ser mujer Creo que existe lo denominado literatura de mujeres pero las coordenadas que las definen vienen dadas por el hecho de ser mujer como constructo social y no biológico Algunos acercamientos teóricos sobre los efectos de la ausencia de la madre como los estudios de Carol Gilligan Marianne Hirsch y Nancy Chodorow entre otros nos ayudan a tener una mejor comprensión de lo que estas teorías feministas y psicoanalíticas han aportado a las obras literarias a través de la historia y especialmente a la narrativa femenina de estas autoras de la posguerra investigadas aquí Mi objetivo principal ha sido retratar la rebeldía de las protagonistas femeninas de estas tres novelas contra la madre sustituta que tienen dada la idealización que se tiene de la madre en España en esta época y a causa del inconformismo que sentían estas escritoras y muchísimas más mujeres de la posguerra española ante el gobierno patriarcal y androcéntrico del franquismo

De escritoras a escritoras Alejandra Vela Hidalgo, Karina Ortiz Pacheco, 2022-07-26 La crítica literaria cumple un rol fundamental en procesos de formación del canon literario En este sentido esta compilación de artículos académicos escritos por mujeres sobre escritoras ecuatorianas busca hacer camino dejar rastro de la presencia y existencia de estas autoras tanto de las que escriben como de las que son objeto de escritura Es el gesto indispensable de regresar a ver de cuestionar las exclusiones del pasado y del presente y sobre todo de proponer nuevas miradas y actores Es un gesto crítico que no quiere definir nuevos cánones eso sería caer en las mismas prácticas sino flexibilizarlos abrir el concepto de literatura para volverlo más democrático
