Moving Beyond Boundaries In Disability Studies Rights Spaces And Innovations:

Moving Beyond Boundaries in Disability Studies Michele Moore, 2013-09-13 What challenges are posed by changing transnational trends agendas and movements that affect disabled people's lives and what can disabled people their representative organisations and their governments do to advance the agenda for self determination and inclusion This book draws together the writing of academics and activists to depict the experience and perspective of disabled people in relation to a range of contemporary social changes with a focus firmly on ways in which disabled people and their allies can act to counter disabling policies and practices Throughout the book there is an emphasis on disabled people's own voices and activism as the critical driver of theoretical critique and practical change Chapters address a wide range of cultural institutional and personal arenas to explore and contest the boundaries that disabled people seek to move beyond from cross border labour movements in Korea to experience of day services in England from continuing and long lasting realities of wars in Lebanon Cambodia and Somalia to the beauty of harmony in Navajo traditions for understanding disability from collective activism to individual participation in the Olympics This book is recommended reading for students researchers and activists interested in Disability Studies and is directly relevant to policy makers and practitioners in a position to reshape rights spaces and innovations in response to the priorities disabled people feel and articulate are important for their lives It was originally published as a special issue of Disability Society

Disability Studies Colin Cameron, 2013-11-12 This textbook brings together a wide range of expert voices from the field of disability studies and the disabled people's movement to tackle the essential topics relevant to this area of study From the outset disability is discussed from a social model perspective demonstrating how future practice and discourse could break down barriers and lead to more equal relationships for disabled people in everyday life An interdisciplinary and broad ranging text the book includes 50 chapters on topics relevant across health and social care Reflective questions and suggestions for further reading throughout will help readers gain a critical appreciation of the subject and expand their knowledge This will be valuable reading for students and professionals across disability studies health nursing social work social care social policy and sociology

The Journey to Inclusion Xuan Thuy Nguyen, 2015-12-22 This book offers insight on the politics of inclusion in Vietnam through a Foucauldian and post colonial perspective on disability and education Drawing on a socio historical analysis of the inclusion of disabled people in Vietnam in the twenty first century the book guides readers through a history of the present By reflecting on the treatment of disabled people in Vietnamese social history the book argues that this journey to inclusion calls for critical reflections on the challenges and possibilities for policies to transform exclusion for disabled people The book unveils the problematics of social and educational institutions in governing disability and difference through a critical reflection on discourses and power in the global and local juncture in relation to its engagement with disability in the global South The intersection between the global politics of disability rights and development and the local politics of inclusion in Vietnam shapes the cultural politics of

education The ways inclusive education is historically constructed within this socio historical condition reflects the challenges of inclusive thought and action for transforming injustice Going beyond deconstructive politics The Journey to Inclusion argues for a re positioning of the relationships between the global North and South as an alternative approach to inclusion It suggests that critical research must construct a politics of engagement with subjugated voices and representations in transnational national and local contexts A reflexive critical and inclusive dialogue that engages with Southern knowledge offers a political platform for reframing justice in the twenty first century *Gendered Bodies* Judith Lorber, Lisa Jean Moore, 2007 For centuries the biological sciences have dissected measured and probed the human body as a product of nature But from a feminist perspective the human body is a social production Human bodies are shaped and controlled by the norms and expectations of gendered social orders intersected by racial class religious and age norms and expectations The result is a gendered body produced for a gendered social world In this concise text with readings designed for undergraduate students Lorber and Moore present feminist contributions to social and cultural studies of the human body showing the construction of gendered bodies in different contexts The authors argue that the ideology of the perfect body is a powerful means of social control for girls and boys as well as women and men The authors show how children s bodies are gendered through games and sports and shaped and modified throughout adulthood to meet social expectations Each chapter includes a list of key concepts three readings recommended books and articles and Internet sources For the instructor the book includes class exercises and a list of films with somatic themes **Sociological Abstracts**, 2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers *American Book Publishing Record*, 2007 Forthcoming Books Rose Arny, 1997-12 *American Theatre*, 2001 **News Report**, 1966 **Women's Studies Index, 1997** G.
