

A sepia-toned portrait of a middle-aged man with dark hair, wearing a suit and tie, looking slightly to the right. The portrait is the central focus of the book cover.

Mr. Justice Murphy

A POLITICAL BIOGRAPHY

By J. Woodford Howard

Mr Justice Murphy Political Biography

Christopher M. Finan

Mr Justice Murphy Political Biography:

Mr. Justice Murphy J. Woodford Howard Jr.,2015-12-08 In less than a decade Frank Murphy rose from Mayor of depression torn Detroit to Governor General and High Commissioner of the Philippines Governor of Michigan Attorney General of the United States and one of the most libertarian Supreme Court Justices in American history Professor Howard bases his biography of this colorful Irish New Dealer extensively on the recently opened private papers of Justice Murphy the papers of Franklin D Roosevelt Harlan F Stone Harold Burton and Felix Frankfurter Mr Justice Murphy is a fascinating look at the interplay of high office and personality Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Mr. Justice Murphy J. Woodford Howard (Jr.),1968 The Supreme Court Justices: Illustrated Biographies Clare Cushman,2013 Book Description The Supreme Court Justices Illustrated Biographies 1789 2012 Third Edition provides a single volume reference profiling every Supreme Court justice from John Jay through Elena Kagan An original essay on each justice paints a vivid picture of his or her individuality as shaped by family education pre Court career and the times in which he or she lived Each biographical essay also presents the major issues on which the justice presided Essays are arranged in the order of the justices appointments Lively anecdotes along with portraits photographs and political cartoons enrich the text and deepen readers understanding of the justices and of the Court The volume includes an extensive bibliography and is indexed for easy research access New in this edition are a foreword by Chief Justice John G Roberts a revised essay on Chief Justice William H Rehnquist updated essays on sitting or recently retired members of the court new biographies for Chief Justice John G Roberts and Associate Justices Samuel A Alito Elena Kagan and Sonia M Sotomayor an updated listing of members of the Supreme Court with appointment and confirmation dates and an updated bibliography with key sources on the Supreme Court and the justices For insightful background and lively commentary on the individuals who have served on the Supreme Court of the United States there is no better reference than this updated new volume This is a vital reference work for researchers students and others interested in the Supreme Court s past present and future

The History of the Supreme Court of the United States William M. Wiecek,2006-01-23 The Birth of the Modern Constitution recounts the history of the United States Supreme Court in the momentous yet usually overlooked years between the constitutional revolution in the 1930s and Warren Court judicial activism in the 1950s 1941 1953 marked the emergence of legal liberalism in the divergent activist efforts of Hugo Black William O Douglas Frank Murphy and Wiley Rutledge The Stone Vinson Courts consolidated the revolutionary accomplishments of the New Deal and affirmed the repudiation of classical legal thought but

proved unable to provide a substitute for that powerful legitimating explanatory paradigm of law. Hence the period bracketed by the dramatic moments of 1937 and 1954, written off as a forgotten time of failure and futility, was in reality the first phase of modern struggles to define the constitutional order that will dominate the twenty-first century. The Supreme Court Compendium Lee Epstein, Jeffrey A. Segal, Harold J. Spaeth, Thomas G. Walker, 2015-07-28. The Supreme Court Compendium provides historical and statistical information on the Supreme Court: its institutional development, caseload, decision trends, the background, nomination and voting behavior of its justices, its relationship with public, governmental and other judicial bodies, and its impact. With over 180 tables and figures, this new edition is intended to capture the full retrospective picture through the 2013-2014 term of the Roberts Court and the momentous decisions handed down within the last four years, including *United States v. Windsor*, *National Federation of Independent Business v. Sebelius*, and *Shelby County v. Holder*.

Judges and Their Audiences Lawrence Baum, 2006. Publisher Description. **He Shall Not Pass This Way Again** Stephen L. Wasby, 2010-11-23. After a successful career as a law professor and government regulator, William O. Douglas was appointed to the Supreme Court by Franklin D. Roosevelt in 1939. During his thirty-six years on the court, he became known as one of its most outspoken and controversial members. In this volume, which was originally published for the William O. Douglas Institute, distinguished scholars examine four major aspects of Justice Douglas's work: his relations with his colleagues, his views on civil liberties, which primarily led to his reputation as a liberal, his stance as an environmentalist, and his views as an internationalist. *The Supreme Court and the American Elite, 1789-2020* Lucas A. Powe, Jr., 2022-01-07. The Supreme Court and the American Elite 1789-2020 Expanded Second Edition is a history of the Court placed within the context of a broader history of the United States and its politics. In contrast to a typical book on US history where the Supreme Court appears, if at all, as an interruption here and there, or in a typical history of the Supreme Court where political events intrude occasionally, Lucas A. Powe Jr. situates the Court and its work into a broad narrative of American history. Powe places the Court within the context of history and the insights of political science while remaining true to the ways the justices perceived their own work. Instead of viewing the Court as a competitor with the other two branches of government, although occasionally it is, Powe views it as a part of a ruling regime doing its part to implement the regime's policies. Some of its most historically controversial decisions are far less so when set within the politics of the time. Justices are after all as subject to the same economic, social, and intellectual currents as other upper-middle-class professional elites. The book's dominant theme is that the Court is a majoritarian institution that identifies with and serves ruling political coalitions. The justices are for the most part in tune with their times. Relatedly, changes in personnel matter: a president able to appoint several justices can and does change the direction of the Court. Thus, the Court and its decisions have moved to the center of presidential politics. This new edition adds two chapters detailing the history of the Court since 2008, including how the Court has changed election law, its entrance into the healthcare controversies, expansion of LGBTQ rights, and the 2020 Census.

controversies The first new chapter looks at the centrist jurisprudence of Justice Anthony Kennedy and his dominant presence as the decisive vote in a series of 5 4 decisions The second looks at the toxic partisan political climate in the aftermath of Justice Scalia s death and Republican control of the Court The Supreme Court and the American Elite, 1789-2008 Lucas A. Powe, Jr.,2009-04-17 In this engaging and disturbing book a leading historian of the Court reveals the close fit between its decisions and the nation s politics Drawing on more than four decades of thinking about the Supreme Court and its role in the American political system this book offers a new clear and troubling perspective on American jurisprudence politics and history **Keeping the Faith** John E. Semonche,2000 This ambitious and accessible history of the nation s highest court demonstrates that the fabric of American constitutional law promotes in citizens a civil religion or a faith in the laws and institutions of government that is unique to this country The Supreme Court Peter Charles Hoffer,Williamjames Hull Hoffer,N. E. H. Hull,2018-08-28 For more than two centuries the U S Supreme Court has provided a battleground for nearly every controversial issue in our nation s history Now a veteran team of talented historians including the editors of the acclaimed Landmark Law Cases and American Society series have updated the most readable astute single volume history of this venerated institution with a new chapter on the Roberts Court The Supreme Court chronicles an institution that dramatically evolved from six men meeting in borrowed quarters to the most closely watched tribunal in the world Underscoring the close connection between law and politics the authors highlight essential issues cases and decisions within the context of the times in which the decisions were handed down Deftly combining doctrine and judicial biography with case law they demonstrate how the justices have shaped the law and how the law that the Court makes has shaped our nation with an emphasis on how the Court responded or failed to respond to the plight of the underdog Each chapter covers the Court s years under a specific Chief Justice focusing on cases that are the most reflective of the way the Court saw the law and the world and that had the most impact on the lives of ordinary Americans Throughout the authors reveal how in times of war class strife or moral revolution the Court sometimes voiced the conscience of the nation and sometimes seemed to lose its moral compass Their extensive quotes from the Court s opinions and dissents illuminate its inner workings as well as the personalities and beliefs of the justices and the often contentious relationships among them Fair minded and sharply insightful The Supreme Court portrays an institution defined by eloquent and pedestrian decisions and by justices ranging from brilliant and wise to slow witted and expedient An epic and essential story it illuminates the Court s role in our lives and its place in our history in a manner as engaging for general readers as it is rigorous for scholars From the Palmer Raids to the Patriot Act Christopher M. Finan,2007 After Upton Sinclair famed author of The Jungle was arrested for reading the First Amendment on Liberty Hill in 1923 The Nation commented When we contemplate the antics of the chief of police of Los Angeles we are deterred from characterizing him as an ass only through fear that such a comparison would lay us open to damages from every self respecting donkey In this lively history of our most fundamental and perhaps most vulnerable right

Chris Finan traces the lifeline of free speech from the War on Terror back to the turn of the last century. During the YMCA's 1892 Suppression of Vice campaign, muttonchopped moralist Anthony Comstock railed against writings by that Irish smut dealer George Bernard Shaw. In the midst of the country's first Red Scare, the government rounded up thousands of Russian Americans for deportation during the Palmer raids. Decades later, a second Red Scare gripped the country as Senator Joseph McCarthy spearheaded a witch hunt for egg-sucking liberals who defended Communists and queers. Finan's dramatic review of such touchstones as the Scopes trial and Edward R. Murrow's challenge to Joseph McCarthy are revelatory; many of his narratives are entirely fresh and have as much relevance to our post-9/11 PATRIOT Act world as his final chapter on the twenty-first century. The story of the fight for free speech in times of war and peace, when writers, publishers, booksellers, and librarians are often on the front lines, is essential reading. Christopher Finan has given us a marvelously readable account of the struggle for free speech in the United States. Beginning with the birth of the American civil liberties movement during World War I, Finan traces the often grueling battles over free speech in wartime, book censorship, McCarthyism, and freedom of the press that have marked the gradual evolution of American freedom. It is a story every American should know for it is our nation's greatest achievement. Geoffrey R. Stone, author of *Perilous Times: Free Speech in Wartime* from The Sedition Act of 1798 to The War on Terrorism. The Founding Fathers gave us the First Amendment, but we have had to fight for free speech. Radicals, reactionaries, feminists, religious zealots, African Americans, Klansmen, college students, even schoolchildren have played a role in expanding free speech. They are all present in Chris Finan's colorful narrative, which shows how much progress we have made and how far we have to go. Nadine Strossen, President of the American Civil Liberties Union and Professor of Law, New York Law School. In this masterful work, Chris Finan deftly chronicles the challenges to free speech in the twentieth century, an accessible, thought-provoking history that not only informs but also engages the reader. Joyce Meskis, Owner, Tattered Cover Book Store, Denver. Concisely detailed and researched, *From the Palmer Raids to the Patriot Act* reads like high-powered fiction. Characters as diverse as Roger Baldwin, Bernie Sanders, Allen Ginsberg, Fatty Arbuckle, Jane Russell, Anthony Comstock, John Ashcroft, and Dwight Eisenhower share the stage to tell the tale of a nation at odds with its Puritan heritage. A timely addition to bookshelves as the United States wrestles with issues of privacy and personal freedoms in an age of terrorism tied to an unpopular war. Kenton Oliver, Intellectual Freedom Committee Chair, the American Library Association. American history is marred by recurrent episodes of hate, Red scares, super-patriotism, fear of sexual expression. Christopher Finan brilliantly paints that record and shows how courageous Americans have fought for freedom. Anthony Lewis, author of *Gideon's Trumpet* and *Make No Law*. Chris Finan is the president of the American Booksellers Association. *Michigan Remembered*. Constance B. Schulz, 2001. In the collections of the Prints and Photographs Division of the Library of Congress are more than 1500 photographs of the state of Michigan during the depression and wartime years of the 1930s and 1940s, taken by some of the most talented photographers of that generation. The FSA photographs have become the nation's visual

memory of these trying times Michigan Remembered contains 150 of these images chosen to represent various geographic areas of Michigan the economic diversity of the state and its people and a broad range of subjects ranging from urban and industrial scenes of Detroit and the surrounding areas to images of the Upper Peninsula and rural and community life in the Lower Peninsula The two introductory essays enhance the story told by the photographs The first by William H Mulligan Jr recounts the history of Michigan during the momentous events of the depression and wartime years The second by Constance B Schulz tells the lesser known story of the origins of the FSA in the agricultural program of the New Deal and explains the importance of Roy E Stryker as the agency's director and the process by which more than 200 000 photographs were accumulated in the FSA OWI files Brief biographical sketches of the photographers include descriptions of their travels and work in Michigan Michigan Remembered joins more than a dozen other state studies of the FSA OWI photographs and provides a unique visual perspective on a key midwestern state during the mid twentieth century It will be of interest both to scholars of historical documentary photography and Michigan history and to those fascinated by historical photographs of years which they their parents or their grandparents can still recall

Battles on the Bench Phillip J. Cooper, 1995 Felix Frankfurter's blustery depiction of debate within the Supreme Court suggests that combat sometimes supersedes collegiality in those hallowed halls In fact as Phillip Cooper shows conflict is an inescapable fact of life in the Marble Temple Cooper peels back the calm quiet public image of our judicial royalty to reveal their family feuds and squabbles He shows that whether motivated by deeply felt principle or by petty and vindictive impulses these disputes dramatically shape the court's decision making process the justices' relations with one another and the public's perception of the court Filled with wonderful vignettes and telling anecdotes Battles on the Bench illuminates the court's legendary and little known clashes from John Marshall to Ruth Ginsberg and helps us understand why they fight how they fight and why their fights matter In the process it reveals a long tradition of strategic flattery cajolery name calling threats subterfuge and sermonizing all in an effort to win over or run over fellow justices Conflict in such high stakes circumstances is hardly unexpected But some of the court behavior is Fred Vinson going after Frankfurter with a clenched fist and shouting that no son of a bitch can ever say that to me Frankfurter's dismissal of Justice Reed's intellect as largely vegetable James McReynolds' undisguised anti-Semitism toward Louis Brandeis Antonin Scalia's harsh attacks on Sandra Day O'Connor and William Rehnquist's sarcastic recital of a nursery rhyme and the Star Spangled Banner before his startled brethren Cooper however makes clear that to a surprising degree these justices do find ways to work together As Earl Warren noted life on the Court is like a marriage one can't tolerate it if it's one battle after another Appointed for life and completely independent these nine scorpions in a bottle are nevertheless compelled to furl their stingers from time to time for no justice can prevail without the support of at least four others Indeed one of the toughest questions Cooper tries to answer is why they don't fight more often A rich treasure trove mined from the vast resources of judicial biography Cooper's engaging study will be especially appealing to students and

general readers with limited knowledge of the court's inner workings **ABA Journal** ,1969-04 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association ABA Journal ,1969-02 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association The Many Faces of Judge Lynch C. Waldrep,2002-11-08 The U S is the most violent industrialized country in the world and lynching that is murder endorsed by the community may be a key to understanding America's heritage of violence and perhaps point to solutions that can eradicate it While lynchings are predominantly racial in tone and motive Christopher Waldrep's sweeping study of the meaning and uses of lynching from the colonial period to the present reveals that the definition of the term has shifted dramatically over time and that the victims and perpetrators of lynching were as diverse as its many meanings By examining lynching from a comparative and temporal perspective Waldrep teaches us important lessons not only about racial violence in America but about the ways in which communities define and justify crime and the punishment of its criminals

The Oxford Handbook of Law and Politics Keith E. Whittington,R. Daniel Kelemen,Gregory A. Caldeira,2010-06-11 The study of law and politics is one of the foundation stones of the discipline of political science and it has been one of the most productive areas of cross fertilization between the various subfields of political science and between political science and other cognate disciplines This Handbook provides a comprehensive survey of the field of law and politics in all its diversity ranging from such traditional subjects as theories of jurisprudence constitutionalism judicial politics and law and society to such re emerging subjects as comparative judicial politics international law and democratization The Oxford Handbook of Law and Politics gathers together leading scholars in the field to assess key literatures shaping the discipline today and to help set the direction of research in the decade ahead *Judicial Conflict and Consensus* Sheldon Goldman,Charles M. Lamb,2014-07-15 These original essays by major scholars of judicial behavior explore the frequency intensity and especially the causes of conflict and consensus among judges on American appellate courts Together these studies provide new insights into judges attitudes and values role perceptions and small group interactions

Constitutional Faith Sanford Levinson,2011-09-11 The book is intended to make clearer the ambiguities of constitutional faith i e wholehearted attachment to the Constitution as the center of one's and ultimately the nation's political life The introduction
