Open Source Systems It is quite an achievement to reach the five year mark that s the sign of a successful enterprise This
annual conference is now being recognized as the primary event for the open source research community attracting not only
high quality papers but also building a community around a technical program a collection of workshops and starting this
year a Doctoral Consortium Reaching this milestone reflects the efforts of many people including the conference founders as
well as the organizers and participants in the previous conferences My task has been easy and has been greatly aided by the
hard work of Kevin Crowston and Cornelia Boldyreff the Program Committee as well as the Organizing Team led by Bj rn
Lundell All of us are also grateful to our attendees especially in the difficult economic climate of 2009 We hope the
participants found the conference valuable both for its technical content and for its personal networking opportunities To me
