Multicultural Citizenship A Liberal Theory Of Minority Rights Oxford Political Theory

Nancy H. Hornberger

Multicultural Citizenship A Liberal Theory Of Minority Rights Oxford Political Theory:

Multicultural Citizenship Will Kymlicka,1996 The book discusses issues such as Language rights group representation land claims and secession **Multicultural Citizenship** Will Kymlicka,1995 The increasingly multicultural fabric of modern societies has given rise to many new conflicts as ethnic minorities and national minorities demand recognition and support for their cultural identity Will Kymlicka a leading political philosopher provides a comprehensive analysis of this crucial political issue Multicultural Citizenship ,1999 Multicultural Citizenship William Kymlicka,2003 *The Limits of Liberal Multiculturalism* A. Vitikainen,2015-07-07 The Limits of Liberal Multiculturalism provides a timely analysis of some of the weaknesses as well as the successes of the liberal multicultural project It also takes a step forward by developing a pluralist individual centred approach to allocating minority rights in practice **The Routledge Companion to Social and Political Philosophy** Gerald Gaus,Fred D'Agostino,Ryan Muldoon,2024-11-26 The Routledge Companion to Social and Political Philosophy Second Edition is a comprehensive definitive reference work providing an up to date survey of the field charting its history and key figures and movements and addressing enduring questions as well as contemporary research Features unique to the Companion are as follows Extensive coverage of the history of social and political thought including separate chapters on the development of political thought in the Islamic world India and China as well as in modern Germany France and Britain A focus on the core concepts and the normative foundations of social and political theory A section devoted exclusively to distributive justice the central issue of political philosophy since Rawls Theory of Justice Several chapters on global justice and international issues The Companion s 74 commissioned chapters by leading scholars from throughout the world are divided into eight thematic sections The History of Social and Political Theory Political Theories and Ideologies Normative Foundations Distributive Justice The National State and Beyond Political Concepts Approaches and Issues in Social and Political Philosophy Expanded updated and revised throughout this Second Edition includes new chapters on Politics Philosophy and Economics PPE Political Epistemology Race and Ethnicity Power Foucault and New Diversity Theory Epistemic Liberalism Adam James Tebble,2016-01-13 In the wake of what has come to be called the cultural turn it is often asked how the state should respond to the different and sometimes conflicting justice claims made by its citizens and what ultimately is the purpose of justice in culturally diverse societies Building upon the work of a diversity of theorists this book demonstrates that there is a distinct epistemic tradition of liberalism that can be used to critique contemporary responses to cultural diversity and their underlying principles of justice It critically examines multicultural nationalist and liberal egalitarian approaches and argues that an epistemic account of liberalism that emphasises social complexity rather than cultural diversity or homogeneity is the most appropriate response to the question of justice in modern culturally diverse societies Epistemic Liberalism will be of interest to students and scholars of contemporary political theory and philosophy liberal political theory and the politics of culture and identity *The Palestinian-Arab Citizens of*

Israel: Towards the Internationalisation of National Aspirations Ilham Shahbari, 2021-01-28 The relations between the Israeli state and its Arab citizens have been distorted by the perception that national security concerns require the full rights of citizenship to be restricted for members of the Arab community However the national security of the state can also be affected by a poor reputation in the international community which plays a vital role in sustaining the existence of the state This created a space for Arab intelligentsia to use internationalisation as a means to promote their cause This study is designed to explore and analyse the internationalisation process and its impact regarding the Arab community in Israel It is a beneficial source to academics experts policymakers journalists and other experts and interested members of the public

Encyclopedia of Educational Theory and Philosophy D. C. Phillips, 2014-05-19 Education is a field sometimes beset by theories of the day and with easy panaceas that overpromise the degree to which they can alleviate pressing educational problems The two volume Encyclopedia of Educational Theory and Philosophy introduces readers to theories that have stood the test of time and those that have provided the historical foundation for the best of contemporary educational theory and practice Drawing together a team of international scholars this invaluable reference examines the global landscape of all the key theories and the theorists behind them and presents them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories this work offers essays on cutting edge research and concise to the point definitions of key concepts ideas schools and figures Features Over 300 signed entries by trusted experts in the field are organized into two volumes and overseen by a distinguished general editor and an international editorial board Entries are followed by cross references and further reading suggestions A Reader s Guide groups entries thematically The Reader s Guide detailed index and cross references combine for strong search and browse capabilities in the electronic version Available in a choice of print or electronic formats Encyclopedia of Educational Theory and Philosophy is an ideal reference for anyone interested in the roots of contemporary educational theory Key Themes Aims of Education Classic Premodern Philosophers Theories and Theorists Curriculum Educational Research Evaluation and Testing Equity Rights Social Stratification and Citizenship Higher Education Learners Learning and Teaching Liberal Education Moral Religious Spiritual and Social Cultural Values Multiculturalism and Special Populations Organization of Schooling Philosophy of Science Sociology of Science and Epistemology Philosophy of Education Feminist Perspectives Philosophy of Education Nonwestern Traditions Philosophy of Education The Analytic Tradition Philosophy of Education The Continental Traditions Philosophy of Education The Political Theory Tradition Philosophy of Education The Pragmatic Tradition Progressive Education Psychological Orientation in Educational Theory Social Sciences Orientation in Educational Theory **Racial Liberalism and the Politics of Urban America** Curtis Stokes, Theresa Meléndez, 2003 Racial Liberalism and the Politics of Urban America examines the philosophical and political framework that informs public policy impacting racially and ethnically diverse American cities in the twenty first century In their analyses of the intersection between race and public

policy contributors to this volume explore the racial character of historical and contemporary American liberalism and draw upon data from the 2000 U S Census on topics such as healthcare the environment residential segregation and the changing meanings of race Consistent with Michigan State University s Race in 21st Century America Conference project the essays which reflect genuine racial intellectual and ideological diversity explore the idea and consequences of race in the United States and suggest fresh approaches toward overcoming the persistent and deep racial gap in life opportunities between whites and people of color Contributors Katya Gibel Azoulay Khari Brown Ronald E Brown David Carroll Cochran Joe T Darden Reynolds Farley John A Garcia Tamar Jacoby James Jennings Bill E Lawson Charles W Mills Mecke Nagel David N Pellow Richard Schmitt Brian D Smedley Robert C Smith Rogers M Smith Naomi Zack Becoming Free Emily R. Gill,2001 As ethnic racial religious and gender based groups demand rights to pursue radically diverse lifestyles or maintain their cultural traditions conflict seems inevitable even in a free society Government may offer remedies to social dilemmas such as affirmative action curbs on immigration or protection of gay rights but these may only fan the flames of resentment Yet any society that tolerates and protects diversity is more likely to preserve the freedom to live one s life without interference Emily Gill reexamines the liberal tradition to reconcile its core commitments to autonomy and diversity values that in theory are complementary but in practice are often at odds and to show that the interaction of these values determines how we as individuals become free In Becoming Free she argues that true freedom is enhanced through the promotion of diversity and the encouragement of rational reflection on the options it allows and that limited choice or ignorance diminishes such freedom Yet an incomplete freedom is what many individuals groups and states advocate when they commit to particular cultural traditions or religious beliefs despite the autonomy they themselves enjoy Gill traces the implications of these conflicting views by drawing on recent scholarship and legal decisions in six areas national citizenship cultural membership ethnicity and gender religious belief sexuality and civic education By exploring the tensions between autonomy and diversity in such instances as Boy Scouts membership restrictions gay rights legislation and education among the Amish she not only offers an insightful commentary on current issues but also explores the moral foundations of liberal thought Unlike those who criticize liberalism for its shallow philosophical grounding Gill shows it to have a substantive moral content grounded in the individual s capacity to make rational decisions based on critical reflection In her tightly woven arguments she explores real world problems in a meaningful way for students and for anyone concerned with the future of liberalism showing that becoming free is an ongoing process of human and social development **Estonia's Integration Landscape** Agu Laius,2000 *Peace Or Violence* Jeff Astley,Leslie J. Francis,Mandy Robbins,2007 Religion s impact on world politics has been of major concern since the 9 11 terrorist attacks and America s military response *Peace or Violence* addresses the timely question of the role of religious education does it merely inculcate the fundamentalist mindset that leads to sectarian violence or can it instead promote peace Through an analysis and evaluation of many of the different models of religious

education across the Western world this book considers religion's role in a polarized and globalized world The contributors gathered here persuasively argue that religious education's responsibility is to inform and enrich communal life

Groups and Group Rights Christine T. Sistare, Larry May, Leslie Francis, 2001 In matters such as affirmative action or home schooling rights of ethnic and other minority groups often come into conflict with those of society in a culturally diverse population such as ours But before considering the dilemmas posed by these issues we must first ask such basic but important questions as what group rights are and how they intersect with the principles of democracy This new collection brings together some of today's leading thinkers from the cutting edge of these debates taking in a broad range of issues confronting philosophers sociologists and political scientists Contributors such as Carl Wellman Carol Gould and Rex Martin examine the nature of groups and the conflict between group rights and democracy and also consider case studies depicting current issues in cultural ethnic and religious rights The first section on the nature of groups examines some of the perplexing alternatives in the formulation of a theory of group rights These articles investigate the kinds of rights minorities might claim and ask when groups can be held responsible for the acts of some of their members The second section addresses the treatment of groups in a democracy and the precarious balance between indifference toward minorities and capitulation to their demands Here the contributors examine five principles for the sensitive treatment of minority and disadvantaged groups in a democratic society A final section explores specific conflicts between subgroup and societal claims through case studies dealing with affirmative action religious practice and the education of children and the land rights of indigenous peoples By drawing on the legal and political dilemmas related to these cases the authors confront issues of core versus peripheral interests of individual member versus subgroup rights and of the possibilities for social openness raised in the preceding sections Written from varied perspectives *Groups and Group Rights* offers stimulating reading for both students and professionals as it takes on some of the most pressing dilemmas confronting our society

Encyclopedia of Language and Education Nancy H. Hornberger, 2007-11-20 In this second fully revised edition the 10 volume *Encyclopedia of Language and Education* offers the newest developments including two new volumes of research and scholarly content essential to the field of language teaching and learning in the age of globalization In the selection of topics and contributors the *Encyclopedia* reflects the depth of disciplinary knowledge breadth of interdisciplinary perspective and diversity of sociogeographic experience in the field Throughout there is an inclusion of contributions from non English speaking and non western parts of the world providing truly global coverage

Australasian Political Studies 1997 Australasian Political Studies Association. Conference, 1997

Immigration and Asylum Matthew J. Gibney, Randall Hansen, 2005-06-21 A comprehensive and timely examination of the history and current status of immigrants and refugees their stories the events that led to their movement and the place of these movements in contemporary history and politics *Immigration and Asylum From 1900 to the Present* is an accessible and up to date introduction to the key concepts terms personalities and real world

issues associated with the surge of immigration from the beginning of the 20th century to the present. It focuses on the United States but is also the first encyclopedic work on the subject that reflects a truly global perspective. With contributions from the world's foremost authorities on the subject, *Immigration and Asylum* offers nearly 200 entries organized around four themes: immigration and asylum, the major migrating groups around the world, expulsions and other forced population movements, and the politics of migration. In addition to basic entries, the work includes in-depth essays on important trends, events, and current conditions. There is no better resource for exploring just how profoundly the voluntary and forced movement of asylum seekers and refugees has transformed the world and what that transformation means to us today. Nearly 200 A-Z entries on immigration and asylum around the world; 150 contributors including leading immigration scholars from around the globe such as Nathan Glazer, Saskia Sassen, Ari Zolberg, James Hollifield, Desmond King, and Stephen Castles; A separate volume of primary source documents including legislation, treaties, speeches, and United Nations documents; A chronology of major movements of migrants and asylum seekers.

Current Publications in Legal and Related Fields

,1995 *Bibliographie Internationale de Science Politique* ,1995 The Many Faces of Patriotism Philip Abbott,2007-01-16

The Many Faces of Patriotism debate the consequences of the 21st century's patriotic resurgence, examining it both in theoretical and comparative terms that draw on examples of patriotism from ancient Greece to post-apartheid South Africa.

As recognized, adventure as without difficulty as experience more or less lesson, amusement, as competently as concord can be gotten by just checking out a book **Multicultural Citizenship A Liberal Theory Of Minority Rights Oxford Political Theory** also it is not directly done, you could endure even more concerning this life, approaching the world.

We have the funds for you this proper as well as easy pretension to acquire those all.
