The Publishers Weekly, 1890 *Thunderstorms, Tornadoes, Lightning, Nature's Most Violent Storms: a Preparedness Guide, Including Tornado Safety Information for Schools* National Weather Service (U.S.), American Red Cross, American Red Cross Staff, Homeland Security Dept. (U.S.), 2014-07-28 This illustrated guide showcases some facts about weather-related events and suggests life-saving actions you can take if you find yourself in an unexpected situation resulting from a weather-related event. The goal of this booklet is to present you with details on how to recognize severe weather, be aware of your surroundings, and to encourage you to develop a plan to be ready to act when threatening weather approaches. Here is a bird's-eye view of the weather-related events that are covered in this guide, with a few short facts about each that are also presented in the guide. Lightning Causes an average of 55-60 fatalities and 400 injuries each year. Occurs with all thunderstorms. Costs more than 1 billion in insured losses each year. Tornadoes Cause an average of 60-65 fatalities and 1,500 injuries each year. Can produce wind speeds in excess of 200 mph. Can be 1 mile wide and stay on the ground over 50 miles. Straight line Winds Can exceed 125 mph. Can cause destruction equal to a tornado. Are extremely dangerous to aviation. Flash Floods and Floods Are the 1 cause of deaths associated with thunderstorms, more than 90 fatalities each year. Hail Can be larger than a softball, 5 inches in diameter. Causes more than 1 billion in crop and property damage each year. Some helpful tips included in this guide include how quickly these weather events can result in a devastating situation. Therefore, it emphasizes that by having a plan in place prior to the event that is practiced from time to time will allow response actions to be positive rather than stressful. This resource also provides guidance on the type of items that should be included in an Emergency Supply Kit for use at home, office, school, or place of business. There is also a special section dedicated to schools and working with children during an unexpected weather emergency. This school section also includes proper inspections and
